FIRST EDITION.

NEW YORK.

The Labor Question.

RETURNING TO THE TEN HOUR SYSTEM.

The Missing Steamer Spoken.

ATTEMPTED MURDER AND SUICIDE.

NEW YORK, August 11, 1873.

The Missing Steamer.

Agents in this city of the missing steamer, Ernest Moritz Arndt, have received a cable dispatch stating that on July 23d, the Arndt was signaled in latitude 46.10, longitude 45.4, with propeller broken and under canvass, did not need assistance. Again on July 24th the vessel was spoken by the steamer Oceanic, in latitude 46.10, longitude 43.37, steering North as before.

Doubts are still entertained as to the safety of the overdue steamship Arndt. On July 23d she was a little southeast of the Great Newfoundland bank, and on July 24th, if it is assumed that the vessel seen from the Oceanic was the Arndt, she was to the east of the outer bank. From that position her agents say she should have reached St. John in four days, unless with very adverse weather. The fact that she has not reached St. John or any other port as far as is known within eighteen days from the 24th of July is hard to explain. The hypothesis that she might, in her disabled condition, be making for Bermuda or one of the West Indies, is put to flight by the consideration of her northerly position when seen from the King Oscar.

The Labor Question.

The *Tribune* furnishes the following items:

The various trade unions are making arrangements in a general way to hold a mass meeting in September, to discuss the present aspects of the labor movement, and to endeavor, if possible, to bring about a more general observance of the eight-hour rule. The workingmen complain that little by little the observance of eight hours as a day's work is being disregarded by employers. Not long ago one of the prominent carpenters and builders of this city was waited upon by a committee representing men in his employ, and asked whether or not the association of employers had not agreed to ignore the eight-hour rule and return gradually and quietly to the ten-hour system. He replied that he knew of no such arrangement or agreement. It had not been discussed at the meetings of the association. At the same time he could not but confess that many employers, who had given the eight-hour plan a fair trial, had come to regard it as a failure and gone back to the ten-hour system.

Inquiry shows that in certain trades the eight-hour plan is almost entirely ignored. This is the case with piano forte manufacturers, and cabinet makers, carvers, upholsters and iron workers. In these trades there were so many employers who refused to co-operate with the workingmen that a majority of those who acceded to the demand for eight hours have been compelled to return to the old system or yield altogether. Some of the workmen are in favor of a general strike, and wish to have those who are working eight hours to cease altogether until the employers who are unwilling to grant a reduction of hours of labor shall be brought to terms. This has been denounced as absurd and suicidal by the leaders whose numbers and organization compel a general observance of the eight-hour rule by their employers. Nothing definite has yet been determined on.

Attempted Murder and Suicide.

In the cigar manufactory of Steinhart Bros. & Schenlank, 564 Vesey street, this morning, Ephraim Steinhart, brother of one of the proprietors, while standing behind Samuel Schenlank, shot him, and then swallowed the contents of a bottle of poison and shot himself. Schenlank will probably live. Schenlank came from Chicago a few weeks ago and was learning the cigar business. The only reason Schenlack gives for the shooting is that he told Steinhart to keep away from his employes, as he had discharged him on Friday last. Schenlank is a married man, with a wife and seven children living. Steinhart is a young man and unmarried.

Schenlank is in a fair way of recovery, but Steinhart is still lingering very low. There is no apparent reason in the relations of the two men for either the murder or suicide. One man cannot and the other will not tell anything about it beyond the statement that there are "family matters" in the case.

Evergreen Cemetery.

A motion was made before Judge Nelson, of Brooklyn, to-day, to enjoin the trustees of Evergreen Cemetery from exercising any further control over the grounds, and that a receiver be appointed to take custody of the property. The lot owners make affidavits that the grounds have been desecrated by the cutting down of shade trees in private burial plats, and that cows, horses and cattle have been allowed to roam at large over the premises. The damage alleged to have been done is estimated at $250,000. The trustees deny the whole charge. Judge Nelson reserved the decision.

Liquor Licenses.

The Excise Commissioners have completed their examination of applications for licenses of liquor dealers in the First, Second and Third wards. No licenses have been issued to keepers of groceries or proprietors of saloons where women are employed as waitresses. Under no circumstances will a license be granted a proprietor of a concert saloon.

Effects of Jealousy.

In a fit of jealousy last evening, in Brooklyn, Wm. Anderson, aged twenty-one, stabbed his intended wife, Ann Cunningham, aged eighteen, seven times, and then stabbed himself three times. The girl is thought to be fatally wounded.

Fatal Fall.

Michael Savage, an old man, fell from the stoop of his residence in Brooklyn, last evening, and was fatally injured. His wife was so affected by the occurrence that she died in a short time.

MANITOBA.

Lord Gordon Fleeing.

MINNEAPOLIS, August 11.—A *Tribune* special yesterday from Fort Garry says: The other evening Cornish (Lord Gordon's counsel), accompanied by several other gentlemen, waited upon his lordship regarding pecuniary matters. The latter demanded the reason for so untimely a visit, and after an explanation he became enraged and an excited altercation with the counsel ensued, each expressing his opinion of the other, which, to say the least, was not flattering to either. His lordship shortly after called his servant to advise Mr. Cornish to make his exit. The latter heeded the advice, but called again next morning to renew his claim for some security for his anticipated fee as counsel, but found his bird had flown. Upon inquiry he found Gordon was well on his way to the Rocky Mountains. A party arriving from the West to-day reports having seen the pretty bird two hundred miles westward.

U. S. Consul Taylor Serenaded.

United States Consul Taylor was serenaded on Friday by the military band of Fort Garry, and three cheers were given by those assembled. The Consul responded in a brief speech.

An Indignant Briton.

In the decoration of the Court House for a bazaar, in a spirit of courtesy to American citizens, the stars and stripes were suspended side by side with the British flag. Upon the entrance of Attorney General Clark, beholding the terrible disgrace of the emblem of his adoration, in virtuous indignation he ordered the ladies in charge to haul down that flag. No one obeyed his command, and he retired with feathers drooping.

An Uncourteous Sheriff.

The Sheriff will not allow the wives of the American prisoners to visit their husbands but twice a week.

The Difficulty Laid Before President Grant.

NEW YORK, August 11.—Governor Austin and Mayor Brackett, of Minneapolis, have had two interviews at Long Branch with the President regarding the Manitoba affair, and explained the whole matter from beginning to end, dwelling especially on the cruelty with which the prisoners are treated by the Manitoba authorities. They also sought to impress upon the President the necessity for speedy action, as they feared the people in Minnesota, unless something was done at once, would take the settlement of the case into their own hands. The President, according to a dispatch, gave the Governor and Mayor to understand that unless the matter was disposed of within a reasonable time, a demand, in unmistakable terms, would be made upon the British Government, and would be followed by further action. President Grant then asked the Governor and Mayor to reduce their statements to writing, which they did, and the paper was forwarded to Secretary Fish.

Marine News.

LONDON, August 11.—The steamship Alabama, from Glasgow, for New York, was spoken on Tuesday last, a considerable distance west of the locality where portions of a wreck were seen.

SYDNEY, August 11.—The ship Oscar II. arrived here this morning, and reports having spoken the steamship Ernst Moritz Arndt on the twenty-third of July, in latitude 46, longitude 45. She had lost her propeller on the fourteenth of July, and was proceeding under sail, all well and she required no assistance.

LIVERPOOL, August 11.—The steamships Nevada, City of Antwerp, Westphalia, Olympia and Koenig Sverre, from New York, and Prussian, from Montreal, have arrived out.

NEW YORK, August 11.—The steamer Idaho from Liverpool, has arrived.

GREAT BRITAIN.

Master of Rolls.

LONDON, August 11.—The office of Master of Rolls has been offered to Sir John Duke Coleridge and declined.

CANTON.

The Ohio State Camp-Meeting.

Correspondence of the Pittsburgh Gazette:

CANTON, August 9, 1873.

The two o'clock sermon, yesterday afternoon, was preached by Rev. A. S. Dobbs, of Erie conference, stationed at Newburgh, O., from: "Unto Him that loved us and washed us from our sins in His own blood, and hath made us kings and priests unto God," &c., Rev. 1:5 and 6. It was a plain, straight-forward gospel sermon, according to the general Methodist standard. A sudden shower of rain dispersed the congregation at the close of the sermon, and prevented the prayer meeting services.

In the evening Rev. Dr. Hunter, editor of the *Christian Advocate* of your city, occupied the stand. His text was Rom. 8; 1, "There is now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the spirit."

The good Doctor became very considerably waked up, and brought out some of the latent power that is in him. His appeals to the unconverted were pointed and earnest. When he was through, Dr. Miller caught the spirit of the sermon, and followed it with a rousing exhortation to the unconverted. When the invitation was given to seekers, it seemed really more like a Methodist meeting than anything we had had up to this time. Many hearts were glad to see the conversion of sinners was not to be so nearly overlooked as it had seemed it would be. Truth compels us to say, however, that the manner in which the prayer meeting was conducted by Rev. G. W. Dennis very largely modified the joy on this point, as the seekers were allowed to go into the background. But still we are hoping for a larger fulfillment of the promise made in advance of the meeting on this point.

Rev. M. J. Stutts preached the ten o'clock sermon this morning from Romans, 12 chap. and 1st verse: "I beseech you therefore, brethren, by the mercies of God that ye present your bodies," &c.

It was a good sermon, in good spirit and style.

Rev. G. W. Dennis followed with an earnest exhortation.

The day is fine after the rain yesterday, and the promise of weather and roads for to-morrow is good.

There have been no new arrivals of ministerial force since my last. C.

CANTON, O., August 11, 1873.

On Saturday at two o'clock Dr. Lowry occupied the stand, and preached from Acts 2: 4. "And they were all filled with the Holy Ghost," etc. The sermon was a very good one as a whole, but was marred by some of the same unkind remarks about his brethren that characterized his former discourse.

In the evening Rev. G. W. Ball, of Bucyrus, preached again. His subject was Isaiah's vision in the temple, Isa. 6; 1 to 9. I will, in charity to the preacher and those who endorsed his remarks, pass the sermon by in silence.

Sunday's Services.

Sunday morning opened on us beautiful and bright, and taking advantage of the delightful weather the crowds commenced to pour in very early in the morning, and continued until there were thousands within the enclosure. But notwithstanding the crowd the best of order prevailed during the entire day. The morning services being ended at 10 o'clock, Dr. Lowry appeared again as the preacher. His text was the 2d verse of the 50th Psalm, "Out of Zion, the perfection of beauty, God hath shined." This, like both of the Doctor's former sermons, gave evidence of very considerable ability as a thinker and preacher, but, like them, it was characterized by this same extravagance of statement in some particulars, and the same uncharitable remarks about the Church of which he is a minister, and of his brethren in the ministry. Many regrets were expressed that he and his co-laborers could not pursue their course without indulging in such incorrect and uncharitable statements.

At two P. M. Dr. Hiram Miller preached on "Hungering and thirsting after Righteousness," Matt. 5; 5 and 6. To those of your readers who know Dr. M. as a preacher, I need scarcely say that this sermon was able, and in good taste and spirit. It was richly enjoyed by all, and all the more so by a large part because of its freedom from those objectionable features which have marked all the sermons of those who agree with the Doctor in theory and experience. Some newspapers, a little surprised at his definition of Regeneration, and thought it radically defective, and also at his intimation that there might be three distinct stages of religious experience.

A change was made in the programme for the evening service. When made out yesterday Rev. G. W. Ball was appointed to preach this evening, but so great was the dissatisfaction with his sermon last night on the part of some eight or ten of the preachers, and a number of laymen, and so determined were they not to let it pass unrebuked, that they demanded of the Committee that he should be withdrawn and some one else appointed in his stead, and the result was that Rev. S. Y. Kennedy, of New Lisbon, occupied the stand at 7:30 P. M. He discoursed on "The Son of Man is come to seek and to save that which was lost." [Luke, xix:10.] He clearly and ably set forth man's lost condition, and Christ's mission to save him, and made a strong appeal to sinners to avail themselves of the offered salvation.

Dr. Cox followed with an earnest exhortation to sinners, several of whom came to the altar for prayers when the invitation was given.

The services closed at ten o'clock, and the crowds of people dispersed quietly and speedily. C.

OHIO ITEMS.

AT a big wedding in Ironton, some one of the guests stole one of the wedding presents, a valuable lace barb.

A LITTLE girl at Caledonia was hooked by a cow, the horn entering just above the eye and ranging back almost to the ear. Strangely enough the child will recover.

THE citizens of Athens are making arrangements for the reception and entertainment of the Ohio Conference, which convenes at that place, on the 24th of September.

A CORRESPONDENT of the Galion *Review* thinks the proposed boulevard between Crestline and Galion rather "putting on style" for two towns who have not a single paved street in their borders.

THE *Independent*, of Belmont county, says: Mr. Venning, of North Bellaire, has in his possession a cat that has admitted into her family a half grown rat; it lives in the nest with three kittens and appears to be a greater favorite with the old cat than either of the kittens.

THE drummer of the Mansfield Band, last Thursday, was taken in hand, because besides being a drummer, he proved himself a first-class bummer, and disturbed the peace with his boisterous noise, attracting crowds of men and boys. As the train was about to start, he was allowed to depart—and then with his drum he went "hum."—*Sandusky Journal.*

THE Columbus and Indianapolis Central Railroad Company have entered suit in the Court of Common Pleas of Franklin county, against General Wolcott, United States Collector, to recover over $57,000, the amount of United States tax claimed to have been assessed against the Company erroneously by the Government. The Columbus and Hocking Valley Railroad have entered a similar suit, claiming over $6,000.

A SHARP dodge has been played upon the citizens of Yellow Creek, Ohio. For a long time the Indians in that locality became possessed of silver bullets and used them in their warfare against the whites. Acting upon the supposition that there were valuable lead mines in that locality, certain parties were induced to dig for it, but in the end the whole thing turned out a fizzle, and the people there have renewed their attention to pumping the superior quality of crude oil that exists in that locality.

A MASSILLON man fancied he heard burglars in a room over his sleeping apartment, where he had considerable money stored in a trunk. He slipped out of his house, called up half a dozen neighbors, and held a council of war. No one would volunteer to enter the room alone, so armed with shot guns, pistols, clubs, carving knives and such trinkets, the whole party rushed in and found—that the rain had loosened the plaster, which was dropping on the floor, pit-a-pat. They never mention burglaries in Massillon now.

THE Grand Commander of Knights Templar of Ohio has ordered a grand review and parade of all the subordinate Commanderies in the State, to take place on the first day of the annual session of the Grand Commandery to be held at Toledo, commencing Tuesday, September 2d, 1873; at which time each Commandery present will also be called upon to give an exemplification of the Templar drill, making the occasion one of particular interest to the Order.

MISS DICKINSON.

Erroneous Reports Corrected.

The American Literary Bureau, not having the name of Miss Anna E. Dickinson on its list—albeit through no lack of effort on its part—publishes the following:

Anna Dickinson will certainly appear on the stage next Fall upon the opening of the new Boston Globe Theatre. She is now under the tuition of Miss Fanny Morant, and promises to make a decided success.

It seems doubtful whether this can be as accurate as the semi-official announcement of a leading lecture bureau about the leading lecturer of the country ought to be—for several reasons:

Miss Dickinson cannot well appear at the opening of the new Boston Globe Theatre, since there is no new Boston Globe Theatre, and, so far as anybody knows, is to be none.

She has not been under the tuition of Miss Fanny Morant.

She has not been under the tuition of anybody for the last twelve years at any rate.

She is not under any engagement to appear on the stage anywhere—in spite of many flattering proposals to that end.

She has not been under any such engagement.

She cannot well be, since she is already bound by over 100 lecture engagements for next Winter;—has promised, after that, a tour through a new lecture field that has long invited her;—is under contract for a new book, to be published by James R. Osgood & Co., in November;—and is just starting for an eight weeks' trip through Colorado.

On the whole, it looks as if Miss Dickinson would not "certainly appear on the stage next Fall, upon the opening of the new Boston Globe Theater." But the American Literary Bureau is quite right in saying that she promises to make a decided success. She generally does. Perhaps it would be as generous if the Bureau were now to take some pains to add to this true statement a correction of its errors, and if a good many newspapers would abandon the business of inventing absurd reports about Miss Dickinson.—*N. Y. Tribune.*

STATE ITEMS.

PROF. LIGHTER will ascend in his balloon at Altoona on Saturday afternoon next. He won't go to Europe.

A READING lady is taking a carriage ride to Long Branch. She desires to see the country along the route, and thinks that is a good way of doing so.

BROOKVILLE is becoming more and more noted as one of the briskest, wide-awake towns in Pennsylvania, and the enterprise and hospitality of her citizens are proverbial.

MR. JOHN BOTTOMFIELD, whilst alighting from a train of cars, on the H. B. and T. R. R., missed his footing and had his leg badly mangled, so that amputation was found necessary.

ON Sunday morning an African M. E. church was dedicated at Oil City. The church cost $3,503.70, all being paid except $1,697, a goodly portion of which was collected on the spot.

RUFFIANS that enter stores in Scranton and insult the proprietors are knocked down with iron weights. They don't wait to try it over, but leave the way clear for the next customer. Away.

IT is unlawful in this State to use or occupy churches, the doors of which open inwardly. The object of this law is to afford protection to congregations in the event of a panic from fire and other causes.

JACOB DEEMS, residing near Beallsville, is probably the oldest person residing in Washington county. He is reported as one hundred and seven years old, and as having lived at the same place for over ninety years.

THE New Castle *Journal* says: "It don't look very proper to see well dressed young men each carrying a pint bottle of whiskey to church on Sunday evening, but that is not unfrequently done, and that too in New Castle."

THE town of Corsica, Jefferson county, so recently destroyed by fire, is very rapidly rebuilding, and will soon be entirely built up again in a more substantial manner, and will present a much finer appearance than the Corsica of old.

THE Order of the Patrons of Husbandry is increasing in Berks. Granges have already been organized in Amityville, Stoneville, Friedensburg, Monocacy, and one is to be organized in Richmond township next week, and one in Kutztown.

RATTLESNAKES are very plenty in different parts of Tioga county this year. One was killed in the street at Tioga a few days ago, and it is said that some of the people on Pine creek are in the habit of searching their houses for the reptiles before retiring for the night.

ANOTHER new order has been organized in this State, and is called the "Knights of the Golden Eagle." Its members are business men, merchants, manufacturers, professional men and clerks, and the knightly principles that it inculcates secure for it a good class of members.

THE Bethlehem, Pa., Iron Company have for some time been receiving iron ore from Africa. It is of the hematite and magnetic qualities, mixed, and is mined at Elmoken, Algiers, and shipped from the seaport town of Borah in the same province, to Philadelphia, and from there to Bethlehem.

MR. JAS. SUMMENTON, milk man in Union City, has one cow which he claims is hard to beat in furnishing milk in both quantity and quality. For the past two months she has produced forty seven pounds of milk daily. He has eleven cows which average thirty-five lbs. per day, which is certainly an uncommon yield. Let us hear from one who can beat this.

CHARITY GRANGE, Patrons of Husbandry, was organized by State Deputy J. Wilkinson, on Monday evening last, 5th inst., at Friedensburg. The Grange numbers thirty members, nineteen gentlemen and eleven ladies. Mr. John G. Dengler was elected Master, and John L. Endy, Secretary. This is the eleventh Grange in the State and the fourth in Berks county.

THE Oil City *Derrick* says it is reported the Atlantic & Great Western Railway Company will extend the Shenango branch, now in course of construction between Greenville and Brady, right through to Pittsburgh, thus giving the producers of the lower oil districts the advantage of competing lines to the "Smoky City."

THE farm of Jacob Geib, in North Sewickly township, Beaver county, was sold recently to Mr. Hammond, of Allegheny county, by Stevenson & Wittish for $200 per acre. It consisted of thirty acres. The farm adjoining the above, belonging to Adam Kirk, was also sold by the same firm to a citizen of Pittsburgh, whose name we did not hear, for $100 per acre. This property includes some fifty-five acres.

A CUSTOMER of Uncle George Evans tells of killing a copperhead snake, and describes it as being about ten inches in circumference at the largest portion of the body. It was three feet nine inches long, and the tail measured about four inches in circumference. This is an extraordinary large copperhead, and we are inclined to believe the statement, as it comes from a gentleman of well known probability.—*Uniontown Standard.*

ABRAHAM LINCOLN POLY, a colored boy ten years of age, had his hand taken off at Franklin, on Saturday, while putting small stones under a train on the Lake Shore Railroad, to see the cars run over them. When the train reached the stones one of them fell off the track, and in attempting to replace it the little chap had his hand taken completely off. Medical assistance was quickly secured, and the boy is doing as well as could be expected.

LAST Wednesday morning a man was found drowned in the Allegheny river, about a mile below Warren. His body was floating in an eddy. From the appearance of the body it would appear that he had not lain long in the water, and the indications were that he must have been violently treated. The affair is considerably involved in mystery. It is thought from a letter found in one of the pockets of the deceased that his name was John Scheony.

SOME time since as Ada, little daughter of Jacob Hossler, residing in Elizabeth township, was sitting on the floor an insect bit her on the lip. Her cries brought Mrs. H. to the spot, when she saw a curious insect which she caught and put in a box, thinking it might be poisonous. The child's lip soon began to swell, and Mrs. H. took the child and the insect to a physician, who said it was a chilopod, an insect of the order of myreapods, having one hundred legs.—*Lancaster Inquirer.*

A MAN was carrying a bag down street yesterday. The bag contained an eighth keg of beer. At the corner of Eleventh avenue and Thirteenth street, the seams of the bag bursted, and the keg fell heavily to the ground. The features of the man were irradiated with a sickly sort of smile as he gazed upon the spectacle of sixty mugs of the Teutonic beverage escaping across the pavement and going to waste in the sewer, and he asked—"Who cut that bag?" The bystanders were unequal to the task of answering the interrogatory, and the man continued his walk down toward and across the Twelfth street bridge, muttering erstwhile in the hearing of many—"Because if I knew who cut that bag, I would say to him that he isn't such a fell of a temperance pellow after all, for I've got a quart of Galitzin whisky in my pocket!"—*Altoona Tribune.*

THIS is the last snake story: One day last week while Mr. Abers, of Snowden township, was engaged with some men in hauling hay from one of his meadows, they came upon a pile of snakes under one of the shocks, strange to say, the snakes appeared to be sleeping, and never moved until Mr. Abers had pitched the entire shock on to the wagon. A lively fight with hay forks and clubs commenced, and the reptiles were soon dispatched. It was then found that what was at first taken for at least a half dozen snakes, turned out to be but three, but what they lacked in number, two of them made up in size. One was a "copperhead," and measured two feet and eight inches in length, and was fully two and half inches in thickness through the body. The other two were black snakes, and measured ten feet and five inches each in length.

A YOUNG man named James Goldsmith, brakeman on a gravel train, while assisting to turn a table on which was an engine, at Oil City, on Sunday, had his foot caught between the end of the moving rail and the end of the stationary rail, and the skin torn on the upper and under side between the great toe and that next to it. The muscles were ground to a pulpy mass, and Drs. Davis and Davinney decided on the amputation of the foot. The unfortunate man was suffering terrible agony. Chloroform was administered, and the end of the foot taken off a short distance behind the toes, by sawing through the two outside metatarsal bones and unjointing the three middle ones. After the foot was off he inquired of the doctors how he should be able to kick anybody with that foot, and wanted to know if there was anybody present who could tell him where he could get a hand organ.

THE postmaster of Wilkesbarre is happy, because he has received the following, and he now talks of running for Congress, Mayor or the Legislature: "Sparta sussex County State ov new jersey july the 31 1873 post master in jeneri ov Wilkes bury please sende me the time ov your Court siten for I want to Come out on business matter before the grand jury in Wilksberry I not being Aquinted so I dont no how to rite to any one to get the time ov Court from any one please see the very day for me it sits so I Can be in time please see merimen the states Aturny if you Can he will tell the verry day if you dont no dont fale to rite me A letter in time to come out and the very day in truth and it oblige mee very much I assure you yours truley in grate haste

please see the gaall keeper in Wilksbury for he had the care ov my husban 1 weak and then he got bail and is A runnen with the same old women they do Coll the grate Eastern they now live at the place Called the sugar notch secreted Away they thint they Cant be found out Again but I will try to find them Again now please rite the verry day Court sits dont fail to do it for me A helpless woman my husban runs with one woman A while and Leaves her for Another and steels and robes Any one he Can at Any place he out not to rud at large and his name is Elias Slack he Colls his name Charles Smith in pencilwana some placeses and out here they Cool him Buckshot.

Murder in St. Louis.

ST. LOUIS, August 11.—Further information respecting the murder of Michael Yadazawitz, on Main street, last night, shows that Michael Dooley and Michael Fitney were the murderers. The murder was wholly unprovoked. One of the men seized Yadazawitz as he was walking quietly along down the street, and held him, while the other beat him in the ribs and sides with large rocks, one of which he held in each hand. When Yadazawitz finally released himself from the grasp of his assailants he fell to the ground, the blood flowing from his nose, mouth and ears. He died in two hours. Dooley and Fitney are men of bad repute, and had been engaged in several disturbances during the day. Both have been arrested.

SECOND EDITION.

Four O'Clock.

THE CAPITAL.

The Wawasset Disaster.

SCENES AND INCIDENTS.

Robbing the Dead.

THE MANITOBA DIFFICULTY

WASHINGTON, August 11, 1873.

The Manitoba Difficulty.

Governor Austin and the Mayor of Minneapolis to-day had another interview with Secretary Fisk relative to the Manitoba difficulty. All the President said to them was that the subject should receive the prompt attention of the Government, and he would see that the rights of American citizens were protected, and that it was too early to give more definite assurances. The Secretary of State was charged with the conduct of such affairs, and he would doubtless place him in possession of all the facts at the earliest moment.

Governor Austin, on being interrogated by private parties, was reluctant to talk on the subject. It can be truly stated that the matter has not assumed a diplomatic aspect, although Sir Edward Thornton and Secretary Fish had several informal interviews concerning it. The proceedings now in progress are of a judicial character, and do not justify diplomatic intervention.

The Wawasset Disaster.

The Washington *Star's* special correspondent at Chatterton's Landing, Va., the scene of the Wawasset disaster, gives an account of his trip from here to that point. His report states that boatmen living on the line of the river say the screams of women and children could be heard for miles. On the way up to Chatterton several bodies of colored men and women were passed, which had been dragged ashore the night before. Miss McPherson, a passenger, described the scene on the burning boat as most terrible. The flames burst out all around and swept aft, driving women and children over into the water. She saw four little children hanging by their hands to the burning steamer, and one after another drop into the water, the flames driving them off. The colored people were perfectly wild, and no remonstrance on the part of the officers was heeded. They jumped into a boat, piling it full, and declared that it was the colored people's boat, refusing all whites admission. When it went down all were dumped into the water together, and many others followed, being pushed overboard. The flames burst into the main deck, setting fire to the clothing of the women and children, who were hoping for some relief, but no one could pass the gangway for the flames.

One of the worst features among the shore scenes yesterday was the disposition among both white and colored stragglers to plunder and rob the dead. Several instances of this kind were noticed, but could not be prevented by McClelland, who alone was authorized to take charge of valuables found. Owing to the extent of the shore many of the bodies could not be reached by him until they had been rifled and the guilty parties had escaped.

Hiram Smith, a colored man, states that he was present and witnessed the loss of the lifeboat. As soon as she was lowered to the main deck the colored men took possession of her by force, and no threats or pursuasion of the officers could prevent them. The boat was heaped full of baggage and men, and he saw a yellow man cut the bow rope, when she fell headlong down with such force as to tear out the stern, because of the davit holding at that end, and all in her sunk.

INDIANA.

Interesting Trial for Murder in Winchester.

FORT WAYNE, Ind., Aug. 11.—A special to the *Gazette* from Winchester, Ind., gives the following interesting particulars concerning the trial of B. C. Henshaw for the murder of Abel Heaston, on the 15th of April, 1871. On that day Madison Henshaw, a reformed gambler, and another brother of the defendant, drew some money from the bank for wheat he had sold. Meeting an acquaintance, he was persuaded to take a drink, contrary to his habits, and soon was engaged at the gaming table. After winning all the money from his opponents the game was stopped. In a short time he was called from the room by some unknown person, knocked on the head and robbed of all he had. His brother, B. C. Henshaw, was sent for, and was making arrangements to remove the insensible man home. At this point the most important question in the case is raised. It is claimed by the defense that Heaston said: "If you will get the whisky out of the d—d s—n of a b—h he will be all right." Henshaw advanced and demanded a retraction, when the latter drew a knife and was stabbed by the former in self-defense.

The prosecution claim that Henshaw advanced toward Heaston, and without a word being said by either party, stabbed the latter twice, severing the jugular vein. They also claim that Heaston did not draw a knife, but that his knife was found, shut, about two rods from the scene of the murder next morning. The case attracts special attention from the fact that the parties are all wealthy and have employed an immense array of legal talent. Judge Haines, of Portland, presides, and Prosecuting Attorney Regan is assisted by Judge Sample, of Muncie, Judge Peele, of Centreville, and several others. On the defense are General Tom. Brown, Judge Colgrove and Norman Way, of Winchester, W. Becknell, of Richmond, and others. There were about thirty-five witnesses, and the case will probably continue three or four days.

ST. LOUIS.

Ejectment Suit.

ST. LOUIS, August 11.—Col. J. L. D. Morrison, of Illinois, and his wife and wife's trustee, entered suit to-day in the United States Court, to eject Wm. H. Benton, George L. Leighton and four other gentlemen from some four thousand acres of land in St. Louis county, claimed to be plaintiff's.

Tearing Up a Railway Track.

Some weeks since the City Council passed an ordinance requiring the Atlantic & Pacific Railroad Company to remove their track on Poplar street from the Seventh street depot to the level within a certain time. That time expired yesterday. As the company did not comply with the ordinance, Acting Major Ely Smith and City Engineer Moulton, with a gang of laborers, tore up the rails in several places this evening. This action will probably be followed with a suit by the railroad company for damages, they claiming the right under their charter to lay and maintain a track on certain streets in the city.

CHICAGO.

An Insolvent Telegraph Company.

CHICAGO, August 11.—In the United States District Court to-day, Judge Blodgett delivered an opinion on the petition of the Great Western Telegraph Company to have set aside the decision of the Circuit Court, given in April, adjudicating said company a bankrupt. The decision is very long, but the main point is that the petition is denied, the decree upheld, and the company declared insolvent.

Fire Marshal.

Mayor Medill to-day nominated W. B. Batcham a well known citizen, formerly connected with the volunteer fire department, for fire marshal in place of Williams, removed. The Council have not yet confirmed the nomination.

UTAH.

Court Proceedings.

SALT LAKE, August 11.—On Saturday, Snow, Territorial Attorney General, moved Judge Emerson for an order on the Court for a grand jury for the September term. Judge Emerson asked United States Attorney Cary if he wished a grand jury. The latter replied that as the Territorial Court had already intimated that no jury could be legally empanneled under the existing law, he did not wish to go through the farce of a criminal examination of a trial, to have it set aside immediately thereafter. The Court then held that the Territorial Legislature had taken the subject from the Court and given it to the clerk, who had nothing to do with it.

Argument on the question of jurisdiction of the Court in the Webb-Young divorce case was completed. The Court reserved the decision.

THE CHOLERA.

Columbus.

COLUMBUS, O., August 11.—One fatal case of cholera occurred to-day. The victim died after eight hours' sickness, and was buried at nine o'clock to-night.

Fearful Runaway.

BETHLEHEM, N. H., August 11.—Six horses attached to the morning stage between Crawford and the Profile House ran away to day, upsetting the coach on Whitcomb's hill in this town, instantly killing G. R. Donnel Kierl, of Baltimore, and fatally injuring A. S. Butler, a banker from Allegan, Michigan, who has since died. The following were also injured: Mr. and Miss Reeves, of Phoenixville, Pa., probably fatally; Chauncy G. Harrington, of Worcester, Mass., seriously; Austin S. Fox and Miss Fox, No. 46 West Thirty third street, New York, seriously; G. S. Fox, slightly; Miss Emma Kennedy, Indianapolis, Ind., slightly; Mrs. Culbertson and daughter, Ironton, Ohio, slightly, and Mrs. La Croix, Ironton, Ohio, arm broken and slightly injured on head. Two or three others were slightly injured. It is believed that all of the injured persons, with the exception possibly of Mr. and Miss Reeves, will recover. The accident was caused by the breaking of the pole strap.

WEATHER REPORT.

WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER,
WASHINGTON, D. C., 1 A. M., August 12, 1873.

Probabilities for To-day.

For New England, falling barometer, higher temperature, easterly winds and partly cloudy weather, followed by local rains in the western portion.

For the Middle States, falling barometer, southeasterly to easterly winds, warmer and cloudy weather, with occasional light rains.

For the Gulf and South Atlantic States, lower barometer, rising temperature, southwesterly winds, increasing cloudy weather and occasional rains.

From Tennessee to the Ohio and lower Missouri valley, southwesterly to northwesterly winds, cloudy weather and local storms.

For the lower lake region, southwesterly winds, low barometer, partly cloudy weather and occasional rains.

From Southern Michigan to Eastern Iowa, westerly winds, lower temperature and partly cloudy weather, with occasional light rains.

Reports are missing from the upper lakes, the Northwest, the Southwest, and generally west of the Mississippi.

THE RIVERS.

CINCINNATI, August 11.—River ten feet, falling. Arrived—Exchange, Pittsburgh. Weather fair and hot.

ST. LOUIS, August 11.—Arrived—Johnson and Northwestern, Keokuk; City of Vicksburg and Bismarck, New Orleans; Maggie P., Illinois river; Grafton, Missouri river. Departed—Northwestern, Keokuk; City of Chester, Memphis; Maggie P., Illinois river; Coal Hill, Ohio river. River falling. Clear and very warm. Freights by steamer to New Orleans are advanced: Flour 70c, pork $1,10, pound freight 35c, hay 45c; barge rate: flour 65c, pound freight 32½c.

SHREVEPORT, August 11.—Clear and hot yesterday and to-day. River risen three inches in forty-eight hours. No arrivals or departures yesterday. Arrived to day—Texas, New Orleans; C. H. Durfee, and Huntsville, Jefferson. The Huntsville left Coushatta to assist the Mary E. Poe over the bar, where the Texas reports 4½ feet.

EVANSVILLE, Ind., August 11.—Clear and very hot; the mercury reached 94 at 4 P. M. River risen 4 inches, and stationary. Up—Quickstep, 6 A. M.; Geo. Roberts, 9; Morning Star, 10; Bowling Green, 4 P. M. Down—Mary Ament, 4 P. M.; Arkansas Belle, 5; J. S. Bransford, 8. Business very light.

LOUISVILLE, August 11.—River falling slowly; five feet six inches in canal; three feet in pass. Very sultry. Business dull. Arrived—Charmer, Evansville; T. W. Means and barges, Ironton; Shamrock and barges, Ironton. Departed—Charmer, Cincinnati; Thos. W. Means, Ironton; Shamrock, Ironton.

MEMPHIS, August 11.—Clear and hot. River falling slowly. Departed—Shannon, New Orleans; Lady Lee, Red river; Belle Memphis, St. Louis.

NEW ORLEANS, August 11.—Arrived—Glencoe, St. Louis. No departures. Cloudy; thermometer 85.

VICKSBURG, August 11.—Down—Pauline Carroll. Up—Right-a-way. Cloudy and warm. River falling.

NASHVILLE, August 11.—Departed—Burkesville, Cairo. 29 inches on shoals. Weather clear and sultry.

CAIRO, August 11.—Arrived—John Kyle, St. Louis, 7. Departed—Anita, St. Louis, 4 P. M. River fallen 4 inches. Clear; mercury 90.

THE INDIANS.

Depredations of the Savages.

ST. LOUIS, August 11.—A scouting party returned to Concha last Saturday week, after forty days' absence, bringing in a number of stolen ponies captured from Indians off their reservations; also the fresh scalp of a white girl thirteen years old, who, with a woman, was killed and scalped on a staked plain about two weeks before. Mr. Badger says it is now known that General McKenzie, during his great expedition against the Comanches last fall, killed upwards of a hundred of them. It was reported at one time that he had killed but twenty-five.

About three weeks ago a band of Indians appeared near Old Camp, Colorado, and shot and stabbed a Mrs. Williams. They also shot a little girl, the daughter of Mrs. Williams, mashed her head against the door-post and threw her body into the fire. They then entered the house and shot a girl eight years old and carried her away with them. Mrs. Williams, notwithstanding her two wounds, crawled into the house and pulled her little child out of the fire, rolled her in a wet blanket and laid her on a bed. Mrs. Williams' husband soon after returned, to whom she related the circumstances, then died, but the infant, whose head was nearly mashed to a jelly, was still alive when last heard from and would probably recover.

A band of fifty or sixty Indians were roaming about the country south of Fort McKavitt, and in the absence of cavalry at the Fort, couriers have been sent in all directions to warn the settlers. Much alarm existed and the citizens were arming to defend themselves.

A Political War.

PARSON, Ks., August 11.—A dispatch received here from the Indian country to-day says the Downing Ross party have beaten the reformers, but Bell has received letters written by Ross and Jones to Washington, showing treachery to the principles of the party. The full bloods are said to be indignant and aroused, and that Ross and Jones must go to the brush to save their lives. It is also reported that the death sentence has been passed by certain Indians upon Colonel Boudinot, James Bell and others of the progressive and reform party. There is no question but that anarchy and crime are already on the increase, and many of the best men in the locality begin to believe the only safety lies in a strong central territorial form of Government, under the protection of the United States.

FIRES.

St. Louis.

ST. LOUIS, August 11.—Shortly after one o'clock this morning a fire broke out in the large two story building on the northeastern corner of Washington avenue and Sixth street, formerly known as the State Tobacco Warehouse, but for a long time past occupied by a number of small shops. The losers are Flesh & Mook and McGinnis & Bolton, painters; John R. Scott, auctioneer; John McMahon and Norris & Bro., plumbers; John Rooney, saloon; J. Valentine and Moorehouse & Co., spring bed and mattress makers; Charles Lindenberg, wire works and bird dealer, and E. A. Skeele. The latter occupied almost the entire second story as furniture dealer, and had a considerable quantity of furniture in store for other persons. The loss is estimated at from twenty thousand to thirty thousand dollars. The new Linden Hotel, in process of construction on Sixth street, opposite, was not harmed, the wind blowing the flames in an opposite direction.

Champaign, Ill.

CHICAGO, August 11.—A fire at Champaign, Ill., this morning, destroyed Davidson's large livery stables, and William Bowen's merchant tailoring establishment adjoining. The total loss is $6,000; partly insured.

Trial of Chinese for Conspiracy.

SAN FRANCISCO, Aug. 11.—The trial of the Chinese members of the Hip-Gee-Tor Society, for conspiracy against Yet Song, was resumed to-day. Several witnesses corroborated Yet Song's statement about the society's character, object, and the manner in which he was treated by them. The trial was not concluded.

BRIEF TELEGRAMS.

—President Grant left Long Branch yesterday for Maine.

—The Steamer Monongahela will sail about the 25th inst, to reinforce the American fleet in Spanish waters.

—Vice President Wilson was in Boston yesterday. His improved appearance indicates progress toward restored health.

—Dr. L. R. Vanhoosen, late of Albany, N. Y., committed suicide in Omaha, yesterday, by cutting his throat with a razor.

—The Toronto (Can.) post office was entered by robbers, on Sunday, and ninety-one registered letters were stolen from the safe.

—The creditors of James A. Coe, of Boston, held a second meeting yesterday. The claims proved and allowed amount to $287,127.

—Wilmington, O., was illuminated last night for the first time with gas. The occasion was celebrated by a banquet at the Gates House.

—Wm. M. Richardson, President of the Union Insurance Company of Cincinnati, long connected with that institution, died last evening from paralysis.

—John Curtin was shot and fatally wounded by a man named Johnson, yesterday, in San Francisco. The alleged seduction of Curtin's daughter was the cause.

—Richard Stevens, colored, sentenced to three years in the penitentiary by the Phillips County (Ark.) Circuit Court, was pardoned by the Governor of Arkansas yesterday.

—The Kansas grangers will meet in Parsons about the 1st of September for a grand council and consultation upon questions affecting the interests of the State. It is estimated 15,000 farmers will be present.

—George Carson, the Custom House officer who, in Baltimore, last Sunday night, shot and killed a man named Graner, a fireman of the steamship Baltimore, was commited for the action of the grand jury.

—Henry A. Planer shot and instantly killed George Smith at San Pueblo, Cal. An excited crowd took Planer out and hung him. A constable arrived and rescued the man, who claims the pistol was discharged accidentally.

—The steamship Carlotta was towed to Portland, Me., yesterday. The engineers say her hull, engine and boilers are not materially damaged, and that $30,000 will rebuild her. It is thought 10,000 bushels of corn may be saved from the elevator.

—The recently elected General Assembly of Kentucky will be composed as follows: Senate: thirty-two Democrats and six Republicans; House of Representatives: eighty-one Democrats and nineteen Republicans. The Republicans gain two in the Senate and the Democrats one in the House.

A WINDMILL PUMP.

Great Labor-Saving Institution.

We went out to Slaymaker's in June to spend the summer, but we have been obliged to leave. Slaymaker had a small stream near his house, from which he used to pump water into the tank in his garret. It occurred to him some time ago that it would be a good idea to put up a windmill which could do the pumping for him, so he built one at a cost of two hundred dollars. The first day it began to revolve, it frightened Slaymaker's best horse so that it ran against the fence and was killed, and the arms were so long that they nearly brained Slaymaker's oldest boy, who was standing beneath watching the machine, when it suddenly stopped work, and refused to move an inch. Slaymaker accordingly pumped the tank full, and just as he stopped, the mill began to pump like fury. Slaymaker, in alarm, procured a rope and tied one of the wings to a tree. When the tank was empty, he tried to make the windmill fill it again, but the concern was immovable. Then Slaymaker waited for a couple of weeks, and carried the water up to the house in buckets, because he was afraid to fill the tank when the mill might get to work at any moment. Finally, as there seemed to be no hope of the machinery getting all right again, he did pump the tank full, and then went to bed. That night there was the first hurricane ever known in that neighborhood. The wind mill made about four hundred revolutions a minute, pumping the stream below it completely dry, while it poured nearly six hundred gallons an hour into Slaymaker's garret. The boarders all swam out the windows and spent the rest of the night in the barn, while Slaymaker took to a tree, from which, at daylight, he had a magnificent view of the falls as they poured picturesquely from the attic windows, every minute or two bringing out with them a chair or a hair trunk, or one of his shirts, or a wash stand. Mrs. Slaymaker will not clean house this summer, but Slaymaker has a windmill that he is anxious to sell. He will probably close it out cheap to a purchaser who wants to take it away right off.—*Max Adeler.*

Convention of Deaf Mutes.

The fifth biennial convention of the Empire State Association of Deaf Mutes will be held at the City Hall, Rochester, N. Y., commencing on the 27th and closing on the 29th instant. The *Silent World*, a journal published in Washington by deaf mutes, has an article referring to the convention in which it is stated that it will open with prayer in the sign-language by Rev. Thos. Gallaudet, D. D., rector of St. Ann's Church for deaf mutes, New York. Hon. A. Carter Wilder, Mayor of Rochester, is then expected to make an address of welcome, which will be translated into the sign-language for the benefit of the deaf mutes. In the afternoon Prof. Henry Winter Syle, of New York, will deliver the oration of the day. The principal exercise on Thursday will be a eulogy on the late Dr. H. P. Peet, by Alphonso Johnson, the election of officers, and a grand dinner at Cobleigh's Hall. Friday morning Seth Green, Superintendent of the New York State Fishery Commission, will probably deliver a lecture on the nature, habits, and increase of the finny tribe; and in the afternoon the President will make an address on the past, present, and future of the association. Deaf mutes, whether members of the association or not, are invited to be present, and a pleasant reunion is anticipated.

☞ *ADVERTISEMENTS on this page under the several heads of "WANTED," "FOR SALE," "TO LET," &c., will be inserted at transient rates only, TEN CENTS PER LINE for each insertion. No advertisement inserted for less than FIFTY CENTS.*

KING, REED & CO.

TUESDAY, AUGUST 12, 1873.

BONDS at Frankfort 97½.

PETROLEUM at Antwerp 37½t.

GOLD closed in New York yesterday at 115½@115¼.

THE Conservatives in Virginia have opened the political canvass with great bitterness, and propose to wage it to the end in this spirit. We gather, from this circumstance, that they will meet with overwhelming defeat.

SHOULD it prove true, as rumored, that the cable of 1865 has been recovered by the Great Eastern, we should have cheaper rates between Europe and this country for cablegrams. The rate is clearly excessive, in view of all the facts in the case.

THE great "Lord" Gordon has left Manitoba in disgust. His lawyer had the presumption to call on him for the amount of his fee—which so disgusted his lordship that he continently left. He is reported to be somewhere in the latitude of the Rocky Mountains, and may yet make his way to New York.

JUDGE LITTLE, of North Carolina, reports that the recent election in that State was one of the most harmonious ever held. Party lines were not drawn, and all felt free to vote for such candidates as were believed to be, personally, the best, without regard to party affiliations. The result is accepted as generally satisfactory.

SIR JOHN A. MCDONALD is making a fight with those who have accused him of complicity with the Canadian Credit Mobilier swindle. He has brought libel suits against the papers which published the statements of McMullen, and in several ways, is making a vigorous offensive movement. Whether all this is bluster or earnest remains to be seen.

PORTLAND, Maine, follows Portland, Oregon, in being devastated by fire. This little city is the one which suffered so greatly, some years ago—it being nearly destroyed by fire on the fourth of July. Its losses, in the recent fire, are small compared with the one referred to, being estimated at $600,000. But even this is a severe loss for a city with only twenty thousand inhabitants.

THE changes made by Mr. Gladstone, in his cabinet, in England, are accepted as going very far toward consolidating power in his hands. He has precedents for taking to himself the position of First Lord of the Treasury, and Chancellor of the Exchequer as well—as Pitt held these positions during his entire term of sixteen years at the head of the Ministry. Canning and Peel also held them. The positions are worth $37,-500 a year, and are particularly suited to Mr. Gladstone's genius. He was President of the Board of Trade previous to 1852, when he succeeded Disraeli as Chancellor of the Exchequer, and retained it for two years. In 1849 he resumed it, and held it till 1866. We have, in this country, been accustomed to look upon Gladstone as an orator and *litterateur*, but his rise in position, and his reputation as a statesman were founded on his administration of the Exchequer. John Bright is an accession to the cabinet, although he occupies a rather anomalous position.

WE have no sympathy with the salary grab business, and do not believe in it any the more because of Butler's defence of it. But we do not admire the method employed by several prominent journals, the New York *Tribune*, notably, in answering it. Whatever of personalities and thrusts Butler indulged in, he made use of arguments, and referred to precedents. The *Tribune* employs a Dutch anecdote as an answer. Mr. Lincoln could use an anecdote effectually, in pointing an argument,—but the *Tribune* has merely a column of verbosity devoid of argument, strung on as a tail to the Dutch story. To our mind, the point against this back pay business is not that it was never done before, for it has been; or that Congressmen could not go back and take it, for they could; but simply tha the moral sense of the people was outraged by the transaction. If this proves that the moral perceptions of the public have been quickened, so be it. But that they regard the whole business as on a par with stealing, is clear and true.

A SOMEWHAT remarkable trial is in progress in San Francisco, California. It is the outgrowth of a peculiar system in vogue among the Chinese, which shows that they have Courts of Justice, and means of enforcing its mandates, that are entirely independent of the regular Courts of California. It seems a Chinese sold his wife to a bagnio keeper for $350. She ran away and married another person, who was arrested and brought before this Chinese Court, and sentenced to pay back the $350 or suffer the penalty of death. He protested his inability to pay, and was given two days to raise the money. He made complaint to the regular authorities, who sent a police force to seize upon the effects of the Chinese Court and arrest the officials. This was done, and the documents obtained reveal the terrible enginery of this institution. It really was created to give effect to the mandates of the "Hip Yee Tong Society," which deals in women as an article of merchandise. If the documents in the possession of the Court are honestly interpreted, it is thought evidence will be secured to warrant the hanging of several Chinese.

THE slow progress of the cholera in our midst, the coolness of the weather, except in the middle of the day, and the vigorous measures of the Board of Health, leads to the hope that if our citizens use proper precautions, the cholera will not spread very greatly. There is not the slightest kind of panic feeling, or of apprehensions, on the part of country people. We hear that the impression prevails, to some extent, that the city journals suppress the facts, in order to limit unfavorable consequences to the trade of the city. This is not the case. We have been at the pains to give all the news on the subject, and our readers can rest assured that we do not suppress any information whatever. We are entirely persuaded of the impropriety of such a course. We have more regard for the health of the people than we have for what Summer trade it may command. The few cases of cholera that have occurred have been published, and the statements made concerning them are reliable. So far, the city is in a fair condition of health, for this time of year. It has the usual round of Summer diseases, and the cholera is at Temperanceville, one of the borders of the city. The Health Board are using the most strenuous efforts to prevent its spread, and we are confident of success. These are the facts, thus far.

NORTH CAROLINA seeks to rectify its Constitution, to the satisfaction of all interested. Several amendments proposed have been ratified, some of which are commendable, and others not so deserving. There is an antipathy to the taking of a State census,—this work being, we suppose, remanded to the General Government. Biennial sessions of the Legislature are provided for, and that body has power conferred on it to exempt $300 of all kinds of personal property from taxation. The office of Superintendent of Public Works is abolished, the connection between the University of North Carolina and the common school system is severed, the code commission abolished, and Federal officers are forbidden the privilege of holding a State office, and State officers cannot hold but one office at a time. The most important amendment is the one which proposes to strike out that portion of Section 6, Article I., which provides that the State debt regularly contracted before and since the war shall be regarded as inviolable and never questioned; and to strike out all of Section 4, Article V., which provides that after the year 1880 the General Assembly shall provide for the levying of a specific tax upon real and personal property for the payment of the principal of the State debt. This amendment will so change the Constitution that it will not make it compulsory on the Legislature to pay the interest and principal on the State debt.

THE GREYS.

Yesterday the Duquesne Greys started to visit Steubenville, for their annual encampment. This year, the selection of a town in the neighboring State of Ohio, give our fellow citizens of that Commonwealth an idea of this fine military company. The Greys are under the command of Colonel Campbell, whose politeness and affability cannot fail to make a favorable impression. The Adjutant General, J. E. H. Foster, has just been honored with an appointment in the regular army. The rules of army life will be applied to the encampment while it continues.

THE TEACHERS.

To-day an important Convention of the Teachers of the State will assemble in this city. It is understood that several important questions, pertinent to the profession, will come under discussion, among them those of compulsory education, High Schools, Normal Schools, and others of a merely technical character. We would be glad to have our High School investigated. If, however, the teachers would unite in urging the establishment of a complete and well systematized Normal School in the State, we believe they would accomplish much good. We welcome them to our city.

THE COMING CENTENNIAL.

The work of preparing for the great Centennial Celebration and Exposition now begins to assume tangible shape, and we can safely depend on the interest of the people steadily increasing. The ten plans have been selected, and the artists are notified to complete their preliminary work by September 20, and have all the plans matured so that work may be commenced by the 1st of November. Ex-Governor Bigler has engaged to canvass the State in behalf of subscriptions, and thus the utmost energy is about to be applied to every department of the enterprise. It has been clear, for some time past, that the Exposition will be a grand success. Much time has been devoted to preliminary preparations, but it is now evident that this time has been well spent. Much care was necessary, in order that a safe basis of operations should be created—now, that this is done, the other work can be carried forward with all needful energy.

From the outset the GAZETTE has commended this enterprise, and we are now much gratified that the apparent jealousies which at first existed seem to be smoothed away, and a feeling of interest and sympathy is expressed by journals in every part of the country. Local feeling has been absorbed by a sense of national pride, and Philadelphia, once so warmly regarded as the birth place of liberty, will again be cherished as the place where our triumphal altars have been erected. There will be relics displayed at the Centennial, and which could only be displayed in Philadelphia, which will suggest what the country was, in the early days of her history; along with these will be vast contributions, which will show what the progress of the country has been. Such a development will prove attractive above all displays of the kind ever made. It will rank as a world's fair; but while specimens of skill and art of other lands will be exhibited, the great feature will be the display of American skill and art. Of this we have sufficient information to know that there will be an ample and varied supply, representing the several States, a great variety of manufacturing skill, the inventive faculties of our people, and their proficiency in the higher arts.

Perhaps no other country in the world is so well calculated for such an exposition as ours. Leaving aside the motive—the commemoration of our Independence—and we are still ahead of all others, if we take the variety, as well as quality, of our productions into account. The great Russian fair at Nijni Novgorod draws on Central Asia, and is gay with articles of barbaric splendor, and the great fairs of Europe have been made varied and interesting by the contributions of several nations, but no one country could afford so varied a display as ours. Beginning with Alaska and its rude developments, we extend to the far South. In the great variety of climate and soil we have a display of agricultural productions, unrivaled in quality of diversity. Of minerals we have all except the precious stones. In the practical arts we have a variety, and can make a display, that will cause European visitors to wonder. And we believe that in the higher arts, if we cannot rival the painters and sculptors of Europe, we can at least present a creditable display; and in music, if we have not the most celebrated composers, we shall be able to show musical instruments of matchless finish and quality.

The Centennial Commissioners are spending what seems a considerable sum, $20,000—for plans of buildings, and we hope that their liberality will also be so adapted as to bring out a representative display of American progress. The buildings will probably be all that could be desired; if the other is complete, we shall have an Exposition that will be worthy the Nation. We hope that of every leading article of manufacture, an article of a corresponding kind, a century old, will be provided. As against a model Pullman Palace car and locomotive, we will have an old stage coach. As against a fine steamer a canal boat, or tub shaped sloop. And so through the entire list. The present should be compared with the past. In some particulars, no comparison can be made. The telegraph, for example, has nothing a century old, to compare with it, unless it be crude signals. We are gratified that prejudice is quite overcome,—now let the commissioners urge forward the remaining work.

THE Republicans of Cameron county have made the following nominations: For County Commissioner, James Cochran; Prothonotary, V. A. Brooks; Auditor, David Chapman; Jury Commissioner, Joseph Housier; Surveyor, Edward Vosburg.

SAM. COX (sun-set) is having a sharp contest in New York, to secure the nomination for Congress, to fill the vacancy created by the death of James Brooks; Richard Schell is his competitor.

Pittsburgh Bank for Savings,
No. 61 FOURTH AVENUE, PITTSBURGH.
CHARTERED IN 1862.
ASSETS January 1, 1873, - $778,251 56.
OPEN DAILY from 9 to 4 o'clock, and SATURDAY EVENING, from May 1st to November 1st, from 7 to 9 o'clock, and from November 1st to May 1st, 6 to 8 o'clock. Interest paid at the rate of 6 per cent., computed from the 1st and 15th of each month, and if not withdrawn, compounds semi-annually, in January and July. Solicitor—John H. Bailey.

Dr. McDowel's Cholera Mixture.
No family should be without this valuable remedy during this sickly period. We need not mention the many others, as Adison's new Foland, McGuire's, Swaine's, Harris', Henderson's, Dickson's, and many others. All the leading articles that are prepared will be found at the lowest prices, at
JAMES E. BURNS & CO.'S
FAMILY MEDICINE DEPOT,
Cor. Penn avenue and Ninth street.

PERSONAL.

WENDELL PHILLIPS is summering at Swampscott, as usual.

CHARLOTTE CUSHMAN acts charitably towards the poor of Newport.

GEORGE LAW, the New York millionaire, is six feet four inches, and weighs 312 pounds.

MR. AGASSIZ and his family are at their new Summer home on Penekese, near New Bedford.

THERE are now sojourning at Saratoga Springs two Governors, seven ex-Governors and two ex-Lieutenant-Governors.

MISS CLARA LOUISE KELLOGG, who has been stopping at the Mountain House, Catskill, has just returned to Cold Springs, L. I.

WILSON, the husband of Ida Lewis, says that she has not obtained a divorce, and he warns people not to trust her on his account.

REV. NORMAN BADGER, Army Chaplain at Fort Concha, Western Texas, arrived in St. Louis on Sunday, *en route* to Washington.

THE brigand Francisco Le Piane, who since 1866 has been a terror in Calabria, Italy, has surrendered himself to the authorities.

EX-VICE PRESIDENT COLFAX and wife are on a trip through Minnesota and Dakotah, in company with Senator Windom, of Minnesota.

VICE PRESIDENT WILSON is the guest of Hon. John B. Alley, at Lynn. He proposes to take an airing on pleasant days along the beach road.

MRS. PARTINGTON says she hears that Wise, the balloonist, is an *airy nought*, and she supposes he must be, for the papers are *blowing* about him.

THURLOW WEED has been spending a few of the hot days at Catskill, the scene of his boyhood. That is as near the mountains as he dare venture now.

MRS. CHAS. S. STRATTON, (Tom Thumb's wife), fell down a flight of stairs at her home in Middleborough, Mass., on Thursday, and badly injured her spine and head.

THE Rev. Charles F. Adams and wife both died on the same day in Hillsdale, a few days ago, the former 76 and the latter 74 years of age, and were both buried in one grave on the same day.

IT is said that the Rev. Mr. Black, of Indianapolis, so closely resembles P. T. Barnum that circus agents frequently rap him on the back and call out: "How's things, you old mud turtle?"

MR. WM. A. GRAHAM, formerly Governor of North Carolina and Secretary of State under President Fillmore, who is now past his seventieth year, but still retains full mental vigor, is passing the Summer at Saratoga.

FREDERICK DOUGLASS has been passing some days in the sea air near Boston, and Miss Anna Dickinson is visiting at Swampscott on the other side of the city, not very far fram Nahant, where Mr. Sumner and Mr. Longfellow are.

MISS LYDIA THOMPSON will be married in London on the 28th inst., to Mr. Alexander Henderson, for years her business manager, and sails for this country on the 31st. Mr. Henderson goes to Germany for a time for the benefit of his health.

THE condition of Hon. John P. Hale, of New Hampshire, has lately much improved, and is now more hopeful than at any other time since the fall by which he fractured his hip. The parts of the bone seem to be slowly uniting, and it is thought probable that he will, after all, fully rally from the prostration in which the accident left him. Of course he will remain practically crippled, but considering the nature of the accident, and his age and recent state of health, even this rallying is quite remarkable, and betokens considerable vitality yet remaining.

A LITTLE girl named Annie White, living in Sardis, Ky., has rather more than the usual complement of grandmothers living, there being five of them, who all reside in Mason, Ky., and whose names are given by the Maysville *Eagle* as follows: Mrs. Virginia White is her father's mother and her own grandmother, Mrs. Annie Grover is her mother's grandmother and her great-grandmother, Mrs. Nancy Dye is her mother's grandmother and her great-grandmother, Mrs. Mat. Dye is her step-grandmother, Mrs. William Grover is her step-father's mother and her step-grandmother.

TO THE delight of their large circle of friends, says a Hartford correspondent, the Stowes are finely domiciled here again, this time in Frank Chamberlain's old place, which they have bought and fitted up exquisitely. Dr. Stowe looks and is much better than could be expected after his severe illness, and is perfectly happy among his books and papers. He has recently read Goethe's Faust in the original for the twentieth time, and is the only man I ever met who had ever read, comprehended, liked, and could make clear the second part thereof. Mrs. Stowe is as bright and cheery as any of the birds with whom she flits, with the season, between this and her lovely Florida home.

THERE has been a bit of romance in the life of Hon. William Allen, whom the Straightout Democrats of Ohio have nominated for Governor, and it involves another. The Columbus *State Journal* tells the two stories thus: At the beginning of the political campaign in 1830, when Allen was nominated for Congress by the Democrats, and McArthur, the Whig Governor, was a candidate for re-election, Allen was the lover of McArthur's daughter, and between them there was an engagement to be married. But it is said that after McArthur's defeat, the Governor broke off the matrimonial engagement, and the lady married a Kentucky gentleman, who died before the expiration of Allen's term in the House. Gov. McArthur died about the same time. At this point comes in another little romance. A gentleman who was an ultra Democrat, and a great admirer of the then rising young man, Allen G. Thurman, had a daughter, who, much to her father's chagrin, married a Whig. In making his will, the old gentleman disposed of his property to his daughter in such a way that the Whig husband could not acquire title in it. This lady also became a widow; she afterward met Allen G. Thurman, and is now Mrs. Senator Thurman. It was at the wedding of Judge Thurman that Mr. Allen again met Miss McArthur, (by this time the widow of the Kentucky gentleman.) The old love was renewed; they were married, and lived happily together until the death of Mrs. Allen, which occurred before the expiration of Mr. Allen's Senatorial term. Mr. Allen has since been a widower.

ITEMS OF INTEREST.

MANY strangers are leaving Vienna, and the number of visitors to the Exposition decreases daily.

A GENERAL "strike" among the Pennsylvania coal miners is threatened. Lay in your coal at once.

A LABORER named Ben. McEwen committed suicide at Berea, Ohio, last Sunday night, by hanging himself. Cause unknown.

THE Supervising Inspector of Steamboats will commence to-morrow a full investigation into the burning of the Wawasset on the Potomac.

MICHAEL GADELSKE, or Godatzorwitz, while walking along Main street, between Bates street and Cass avenue, in St. Louis, late last Sunday night, was assaulted by three unknown men with a rock, and was so badly hurt that he died in a short time.

A FIRE in the lumber yard of W. S. Judd, at Minneapolis, Minn., destroyed about 2,000,000 feet of lumber. Several frame buildings near were licked up by the flames, making the loss from sixty to seventy-five thousand dollars. The lumber was insured for about twenty thousand dollars.

AN assistant to one of our barbers lost his place, on Sunday morning, for trying to engage in conversation a customer whose mouth was full of tobacco. The unfortunate man finally made an attempt to respond, and in doing so nearly lost his life by strangulation, besides demolishing $3 worth of hair oil and bay rum, and putting his foot through a new mirror.

A YOUNG gentleman telegraph operator in Hartford, after repeated calls to a young lady operator in another office, at last got a response, and then he telegraphed back to her, "I have been trying to get you for the last half hour!" In a moment the following spicy reply came tripping back to him over the wires from the telegraphic maiden: "That's nothing. There is a young man here been trying to do the same thing for the last two years, and he hasn't got me yet."

CORNS.

The surest cure that has ever been discovered for these torments of the feet, is in the Genuine Corn Solvent, which is made by Robinson, of London. It is entirely painless in its application, when the directions are observed, and no one need be plagued with corns, warts or excresences of any kind on the hands or feet hen supplied with one of ROBINSON'S PATENT CORN PENCILS. The cost of the genuine is fifty cents, or sent by mail for sixty cents. They may be obtained in any quantity at KEYSER'S, 167 Liberty street.

ENOCH MORGAN'S SONS'
SAPOLIO
is a substitute for Soap for all Household purposes, except washing clothes.
SAPOLIO
for Cleaning your House will save the labor of one cleaner. Give it a trial.
SAPOLIO
for Windows is better than Whiting or Water. No removing curtains and carpets.
SAPOLIO
cleans Paint and Wood, in fact the entire house, better than Soap. No slopping. Saves labor. You can't afford to be without it.
SAPOLIO
for Scouring Knives is better and cleaner than Bath Brick. Will not scratch.
SAPOLIO
is better than Soap and Sand for polishing Tinware. Brightens without scratching.
SAPOLIO
Polishes Brass and Copper utensils better than Acid or Oil and Rotten Stone.
SAPOLIO
for Washing Dishes and Glassware is invaluable. Cheaper than Soap.
SAPOLIO
removes Stains from Marble Mantels, Tables and Statuary, from Hard-finished Walls, and from China and Porcelain.
SAPOLIO
removes Stains and Grease from Carpets and other woven fabrics.
There is no one article known that will do so many kinds of work and do it as well as Sapolio. Try it.
HAND SAPOLIO
a new and wonderful effective Toilet Soap, having no equal in this country or abroad.
HAND SAPOLIO
as an article for the Bath, "reaches the foundation" of all dirt, opens the pores and gives a healthy action and brilliant tint to the skin.
HAND SAPOLIO
Cleanses and Beautifies the skin, instantly removing any stain or blemish from both hands and face.
HAND SAPOLIO
is without a rival in the world for curing or preventing roughness and chapping of either hands or face.
HAND SAPOLIO
removes Tar, Pitch, Iron or Ink Stains and Grease; for works in Machine Shops, Mines, &c., is invaluable. For making the Skin White and soft, and giving to it a "bloom of beauty," it is unsurpassed by any Cosmetic known.
HAND SAPOLIO
costs 10 to 15 cents per cake, and everybody should have it. You will like it.
DON'T FAIL TO TRY THESE GOODS.
Buy it of your merchant if he has it, or will procure it for you. If not, then write for our Pamphlet, "All about Sapolio," and it will be mailed free.

CHILSON
New Cone Furnaces
WELLMAN REFLECTOR
Grates and Stoves,
MARBELIZED
SLATE MANTELS.
ALSO
Common Fronts and Grates,
HOT AIR REGISTERS AND VENTILATORS, &c.
The Superiority of the Cone Furnace consists in its simplicity of construction, large amount of radiating surface, ease of management and economy in fuel, saving at least one-third of fuel over the ordinary Furnace.
THE WELLMAN REFLECTOR GRATE
Has an acknowledged reputation. For Cleanliness, Economy of Fuel and Heating Capacity it stands without a rival.
An examination of our stock is respectfully solicited.

NEW ESTABLISHMENT

Marbleized Slate Mantles,
FURNACES, RANGES, GRATES
Having fitted up the above STORE for the manufacture and sale of FURNACES, RANGES, GRATES and MARBLEIZED MANTLES, I would respectfully call the attention of Architects, Builders, Churches, School Committees and the public in general, to our stock of goods, consisting of
MARBLEIZED SLATE MANTLES,
which are six times as strong as marble, will not stain or discolor by gas, smoke, oil or acids.
I am now manufacturing and offer for sale the most desirable patterns and best finished Mantles ever offered in this market.
COOKING RANGES
Of the most popular and desirable patterns.
Old's Utility Fire Grate,
The most powerful heating grate in use, burning the gas and smoke, and saving from forty to fifty per cent. of fuel.
The New Cone Furnace
which has a large amount of radiating surface, and a simplicity of construction, ease of management, economy in fuel and durability, will commend itself to all who will examine it. It will heat your building with one-third less coal than the common furnaces now in use. The BEST FURNACES for Coke, Bituminous and Anthracite Coal.
We solicit a liberal share of public patronage. Satisfaction guaranteed in all cases.
JAMES OLD,
No. 193 Liberty street,

DAILY GAZETTE.

FINANCIAL.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, August 11, 1873.

The week opens with scarcely any perceptible change in the money market. The banks supply all their customers freely, and would be glad to take more good paper than offers. The ruling rates for discount remain at 8@10 ₱ cent. ₱ annum on first-class paper. There is no material change to notice in the money market East or West. In Philadelphia rates are easy, owing to the ample supply of funds available both at the bank counters and on the street. 5 to 6 ₱ cent. is the range for strictly call loans with good collaterals, although we have heard of some transactions even a fraction lower. Mercantile paper having less than sixty days to run is in great demand, and the best names are readily placed at 6@7 ₱ cent., the lower figure at the banks only. In Cincinnati the banks take all the acceptable paper offered at 8@9 ₱ cent., and in the open market there is not enough prime business paper offered to absorb the money seeking investment at 8 ₱ cent. Rates in the St. Louis market range from 10 to 12 ₱ cent., according to the paper offered. In Boston call loans are easily procurable at from 5@6 ₱ cent. Fair sales of mercantile paper are reported, but that maturing in August and September, which has been selling at somewhat lower rates, cannot now be placed better than 7 ₱ cent. The majority of transactions is now in names which, though perfectly good, do not rank as gilt-edged, and which range from 7½ to 8½ ₱ cent. in the open market. In Chicago rates of discount are nominal at 10 ₱ cent., though on first class short paper some of the banks would be glad to make very liberal concessions from the legal figures. Prices, as heretofore, 1@2 ₱ cent. ₱ month, with the more usual range at 1@1½ with commissions. Local securities and real estate remain quiet.

George B. Hill & Co., Bankers, No. 58 Fourth Avenue, furnish the following quotations of bonds and stocks from the latest advices by telegraph:

NEW YORK, August 11, 1873.

Money was easy early in the day at 3@4 per cent., but late in the afternoon the rate advanced to 6, closing at 4@5. Sterling was weak at 108⅞ for sixty days and 109¾@109⅞ for sight. Customs receipts $443,000. Gold was quiet and steady, with all business at 115⅜@115½. Loans were from 2 to 4 per cent. for carrying. Clearings $17,000,000. The Assistant Treasurer disbursed $67,000. Governments were steady. State bonds were quiet. Stocks were strong, with an upward tendency during the morning, with Pacific Mail and Vanderbilt shares as features. Toward the close the market became dull, though a firm feeling characterized dealings, the closing business having been at nearly the highest quotations made. The chief improvement was in Pacific Mail, which advanced to 42. Lake Shore rose to 95. C. C. & I. C. was more active than for some time past, and advanced to 32½. Erie was weaker, and declined ½ per cent. The Cleveland & Pittsburgh Railroad Company has declared a quarterly dividend at the rate of 7 per cent. per annum on the new guaranteed stock, payable September 1st.

GOVERNMENTS.—U. S. coupons of 1881, 120⅛; 5-20's of '62, 117¾; do '64, 117½; do '65, 119⅜; do '65 new, 117⅝; do '67, 119⅝; do '68, 118⅝; new 5's, 115⅛; 10-40s, 115⅛; currency 6s, 113⅞.

STATE BONDS—Missouri 92⅜; Tennessee old 82⅜; do new, 81⅜; Virginia new, 50; do old, 43⅜; North Carolina, old, 27⅜; do new, 16; Bankers' bills, 9.

LONDON, August 11—5 P. M.—The weather to-day was wet and unfavorable to crops. The rate of money at the Stock Exchange on Government securities was ½ lower than the bank rate. Consols 92⅜@92½; 5-20's of '65, 94⅜; do '67, 91⅜; 10-40s, 91⅜; new 5s, 90⅜; Erie, 49⅜.

PARIS, August 11.—Rentes 57f 57c.

COMMERCIAL.

PITTSBURGH MARKETS—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, August 11, 1873.

ALE—Standard Pittsburgh brands are still quoted at $8 per brl. to the city, and $9 to the country for X, $10 for XX, and $11 for India Ale. Half barrels in proportion.

ASHES—Market continues quiet, and prices are nominally unchanged. Common Soda Ash, 4¼; refined, 6; Nitrate, 5 Pearls, 11; Potash, 8@8¼; Arsenic, 4½@5.

APPLES—There has been an increase in the receipts within the past week, but with a steady demand there is no accumulation and prices are still maintained, ranging from $2.50@3.50 per barrel, according to quality.

BUTTER—The market continues very quiet, while prices remain without quotable change, 10@15 for common to fair, and 18@20 for good to prime—some dealers quote choice at 22, but this, for the time being, is considered an outside figure. It is to be expected, however, that as soon as the heated term is over, that there will be an increased demand, and higher prices will prevail.

BROOM CORN—While the excitement which prevailed some weeks ago has subsided, and the market is easier, with a supply, while it is not large, is fully up to the demand; common red, 6@7; green, 8@9; hurl, 8@9, as to quality.

BEANS—But very little inquiry, and the season may be regarded as about over; however, the supply in this market is light and prices are nominally unchanged, ranging from $2.50@3 per bushel.

BEESWAX—There is a fair demand, and we can report regular sales at 33@35c.

BROOMS—In fair demand and firm but unchanged. No. 2, $1.75 No. 3, $2. No. 4, $2.50. No. 5, $2.75. Carpet Brooms, $3.50. Toy, $1.50, Wisps, $1.50@2.50.

BAGGING—Penn Mill two bushel bags, 35c; two and one-half bushel, 42; three bushel, 50.

CEMENT & LIME—Louisville Cement, $2.00@2.25 per barrel. Youghiogheny, $1.75@2. Rosendale, $3.50@3.75 Portland, $8@8.20. Plaster Calcined—Mills & Co's, $3.25@3.50. Eastern, $3.75@4. Michigan, $3.50. Lime—Cleveland Tremont, Perrysburg, $1.75@2; Eastern, $1.60@1.75 Land Plaster, 3.50@3.75.

COPPER—Following are the card rates cash, as reported by Park & Co.: Braziers' Copper, 13 ℔. sheets and upward, 40c. Braziers' Copper, 10, 11 and 12 ℔. sheets, 43c. Braziers' Copper, 9 ℔. and less, 42c; Circles, under 84 in. diameter, 43c. Circles, 84 in. diameter and over, 46c. Segment and Pattern Sheets, 43c. Sheathing Copper, 14 in. by 48 in., 38c. Bolt Copper, 40c. Locomotive Fire Box Plates, 40c.

COTTON, SHEETING and YARNS.—Penn Mill A. No. 1, 4-4 Sheeting, 12c. Nonatook, 12c, Pittsburgh Family, 11c. Juniata, B. fine, 11c, White Carpet Chain fine, 36c Colored, 43c, Cotton Batting, 18; Cotton Twine, 30.

CORDAGE & ROPE—Manilla rope, ¾ inch in diameter and upwards, 18¾ cents, ⅝, 19c; ½, and 5-16, 19¾c tarred rope and lath yarn, 18c and bay and leather twine, 19. Sisal rope—¾ and 5-16 inch diameter, 17c. ⅝, 16¾ in and upwards, 16; bay and spoke twine, 16¾. Oil well drilling, cables—hawser laid, 18¾c do. bolt rope and yarn, 20c; Sand pump rope, 18¾.

CRACKERS—Arrow root, 12½c; Boston, 7c; butter, 7c; cream, 22c; continental 18c; fruit 12½c; ginger 12½c; imperials 18c; London nicnacs, 18c; novelties 15c; oyster 7c; scotch 12½c; pic nics, 7c; soda 7c; water 7c; N. Y. water 7c; wine, 9½c ₱ lb.

CARBON OIL—The market continues dull and considerably demoralized, and prices have still further declined—they are lower now than ever before, if we are not mistaken, in sympathy with the raw material. We reduce our quotations to 12½@13c by the car load, and 1@2c additional for smaller lots.

CHEESE—Since the date of our last weekly report there has been a further advance in rates, but with considerably increased receipts, the market has ruled easier, and the feeling begins to prevail that the highest notch has been reached for the present: prime Ohio Factory is quotable at 13 cents to the trade, and 14 in a jobbing way. There does not seem to be any inquiry for low grade cheese.

CANNED GOODS—There is nothing doing in this kind of goods just now, and it is not to be expected at this season of the year, when there is an abundance of fruit and vegetables; we understand, however, that dealers have contracted pretty largely for future delivery, and the indications are that prices will rule higher than last year, in consequence of a large falling off in the crop of fruit, particularly of Peaches.

COKE—Connellsville Coke is quoted at $4.50@5 ₱ ton, according to quantity.

DRIED FRUIT—There is little or no inquiry for anything in this line, nor is it to be expected at this season of the year, and, in the absence of sales, we omit quotations.

EGGS—The receipts have been rather larger during the week which has just closed, and with a supply considerably in excess of the demand, the market is dull and weak, and prices as compared with this time last week, are lower; quotations may be given at 14@15.

FIRE BRICK—West Virginia, $18 to $20, Bolivar grades, $35, Star, $35, Woodland, $35, Mount Savage, $65.

FRUITS—There is a a steady demand for all kinds of fruits, and as the supply is scarcely equal to it, prices are fully sustained. Black Berries and Whortle Berries, $1.50 ₱ pail; Peaches, $2@3.50 ₱ box; Plums, $3.50@4; Pears, $3@3.50.

FLOUR—There has been a fair local demand during the week which has just closed, and with comparative light receipts and reduced stocks, the market is steady, although prices have undergone no change whatever. We continue to quote in a jobbing way, at $7@7.25 for Spring wheats, and $8@8.25 for red winter wheat, according to quality. It is claimed that Minnesota Flours are too low in this market, $7.25, taking the cost at the point of production as a basis, but dealers generally do not seem disposed to make an advance just now, notwithstanding it is claimed that choice brands can just about be laid down at the figures last named. The foreign markets are quiet and devoid of anything new or important, and the same is true of New York and all the leading markets in this country.

GRAIN—There is a continued fair demand for some kinds of Grain, others are dull and neglected: in regard to prices there have been no important fluctuations since the date of our last weekly report. The receipts of Wheat continue liberal, but with a steady consumptive demand, there has been no accumulation of stock, and prices are still maintained; quotations may be given at $1.40@1.45, for new crop red winter, and old at $1.55@1.62½, according to quality—the inquiry is mainly for the latter. The Oat market is easier, being slightly overstocked, but prices are not quotably lower, ranging from 42@43 for mixed, and 44@45 for white; the general feeling among dealers is that there will not be much change in prices during the next 30 days or until the new crop commences to make its appearance. Shelled Corn continues dull, hence notwithstanding the receipts continue light, the supply is equal to the demand, and prices are unchanged; 53@54 on track, and 55@56 free in elevator. Ear Corn is in light supply, also, but unchanged, ranging from 56 to 58c in bulk, as to quality. There seems to be no movement in Rye and, in the absence of sales, we quote nominally at 75@80. Barley has not commenced to move as yet, but it is expected that it will open up here at 70 to 75 cents. Distillers are buying but very little grain, and this accounts for the dullness in Rye and Corn.

GROCERIES—Coffee—The market for Rio is booming high, and the stocks in first hands reduced to about 39,000 bags. Last year at this time the importers held 125,000, and the year before 144,000 bags. This disparity has created an alarm on the eastern market, and the opinion gains ground that all grades will go much higher this week if late advices from Rio, as to the state of the market there, are verified. Java, Laguayra and other mild Coffees in full sympathy with Rio at the late advance, which was sustained at the ports of entry to day. Sugar.—Refined has advanced ⅛c ₱ ℔, and some of the refiners have withdrawn from the market to await results. The belief is general that Sugars will rule higher during the next sixty days. Molasses Sugars scarce and higher. Molasses—New Orleans firm. Foreign higher. Porto Rico commanding as high as 70c for choice on the board. It is thought that New Orleans will go up to 90c in this market, and a scarcity exist at that.

SUGARS—Patent Cut Loaf, 11c; Crushed, Granulated and Powdered, 12; Standard A, 11; B, 10⅞; Ex. C, 10½c; C. Yellow, 10⅛; Circle C, 10⅛; Lower grades, 9@10.

COFFEE—Choice Rio, 26; Good to Prime, 25@24½c, fair 22@23½c. Old Government Java, 28c; other Javas, 26@27c. Roasted Rio, 1 lb packages, 28c; loose, 27½c. Roasted Java, 33½.

SYRUPS—White Drips, 65; other grades ranging from 60 to 40, as to quality.

RICE—Choice Carolina, 10; prime, 9 Patna, 8@8½; Rangoon, 7½@8.

MOLASSES—Choice New Orleans, 73@75c Prime 70@72.

CANDLES—Mould candles 12c, Stearine do., 14 Star do., 20.

SUNDRIES—Pennsylvania Concentrated Lye, $8 Philadelphia, $7.75, bi-carb. Soda, kegs, 8c boxes, 8c. Hummel's Extract of Coffee, $4½, Oswego & Duryea's Corn Starch, 11 silver and Satin, 19, buffalo Corn Starch, 10. Buffalo Gloss Starch, 9, Pearl Starch, 5, Shot, $2.85 per bag. Lead, 12, Wheeling Tobies, $10.50.

SOAP—Babbit's soap, 10. Bell's Buffalo soap, $6.75. Strung & Wetzel's wax, 7½c. No. 1 Rosin 7c. Procter & Gamble's wax, 7c.

HAY—There is no improvement to note in the demand, and the market continues dull and neglected, and as compared with this day week, prices are lower. Baled is still quotable on wharf and track at $20@25, according to quality, and loose, new crop, from country wagons, at $18@25.

HIDES—Following are the ruling quotations: Green Salted Steer Hides, 11½. Green Salted Mixed, 10@11. Green Salted Cow, 10@11c, Green Butcher steer, 8@9 Green butcher cows, 7@8; Green butcher bull hides, 6; Green Salted Kip, 11@13. Green Salted Calf each, 1.90@2.10 Green Butcher's Calf, 12@15. Flint Hides nominal at 22 cents.

LEATHER—Following are the current rates for the various descriptions: Oak Sole, heavy, 40@42 Oak Sole, med and light, 35@39 Oak Sole, Spanish, 36@38; Red Sole, B. A. heavy and med, 31@33; Red Sole, Oronoco, 30@31 Red Sole, good dgd. 28@28; Shoe Skirting, 42@43 Shoe Skirting trimmed and sold at original weight, 43 Rough Oak Leather, 35@36. No. 1 Pad Skins, per dozen, $7.50@8. Harness best city, pure oak, 41@44; Harness, best country, 39@41. Harness, ordinary oak, 35@37. Fair Skirting, 44@46; Fair Bridle, per dozen, $60@66. Black bridle, per dozen, $50@60. Band Leather, per ℔, 39@44, Finished calf, country, $1.10@1.40; French Calf, 1.50@2.30; French Calf, imitation, 1.50@1.55 Wax upper, per foot, 25@27; Wax Kip, per pound 50@$1.

LUMBER—Following are the yard prices: Unplaned lumber—Clear 65 per M. first common $55, second common, 30, third, $27 sheeting, $22, Hemlock, joist and scantling, $20. Pine frame lumber, $28. Planed lumber—first common, $60 Clear, 70. Flooring boards, $35, partition do. $45 shelving, on both sides, $35 on one side, $33 Molded weather boarding, $37. ½ inch patent planed do. $35. Inch unplaned, $30 Inch vertical, $33. Oak and Yellow Pine Flooring, $45. Moulded battens, 25 cents. No. 1 18 inch sawed Shingles, per M, $6.50. No. 2 18 inch do., $5. Pailings, four and five feet, 35 cents. Locust Posts, 60c, Lath, $4.50.

POTATOES—Continue to come in freely, and as the market is well supplied, prices are barely sustained; may be fairly quoted at $1 ₱ bushel or $3 ₱ brl.

PEA NUTS—Prime white Tennessee nuts quoted at 7½@8c ₱ lb.

ONIONS—There is a continued steady jobbing demand, and we can report sales in a jobbing way at $5@6 per brl, according to quality.

OILS—The only change we have to note in Oils is a further decline in Linseed. Spirits of Turpentine also lower. No. 1 Lard Oil, 70@72 cents. No. 2 65c. Linseed, 94c@96. Whale W. B., 88@94c. Bank, 68c. Straits, 73c. Cod, $1.50@2 Spirits of Turpentine, 51@55c.

POULTRY—Sales of young or spring chickens at 50 to 60 cents, and full grown or old ones at 70 to 80 cents ₱ pair, according to size.

PAINTS—Following are the current rates: Brandon Yellow, 2@3 cents. Blue Prussian, 35@70c. Blue Ultramarine, 25@45c. Green Chrome, 14@18. Green Paris, 30@50c. Green Verditter, 17@20c. Green Versailles, 22@26c. Lamp Black, 7@8c. Lamp Black Germantown, 13@15c. Metallic Paints, 4@6c. Mineral Paints, 2@3c. Spanish Brown, 1½@2c. Venetian Red, American, 2½@3½. Venetian Red, English, 3@4½c.

PROVISIONS—Extra Sugar Cured Hams, ₱ lb. 16½, Ex. Sugar Cured Shoulders, 11½; Sugar cured Breakfast Bacon, 13½c. Extra Sugar Cured Dried Beef, 19½@20. Beef tongues, $7.50 ₱ dozen. Bacon Shoulders, per lb, 10c. Bacon Rib Sides, 10½c. Bacon Short Rib Sides 11c. Bacon Clear Rib Sides, 11½c. Mess Pork, $18.00 per barrel. Refined Lard for summer use, in trcs, 10c. Do. half bbls, 10½c. Do. bkts 11½c. Do. in 3 lb. caddies, 12½c. Do in 5 lb. 12½c; Do. in 3 lb. pails 13½c; ₱ pound. Do. in 6 lb. pails, 13.

RAGS—Quoted at 3½@3½c.

TALLOW—Quoted at 7½@8c ₱ ℔.

SEEDS—There is but little doing in Seeds of any kind just now, and it is difficult to give quotations. Flax Seed is quoted nominally at $1.90 ₱ bushel, although crushers are disposed to hold back in anticipation of lower rates. Timothy Seed is selling in a jobbing way at $4.50. There seems to be no demand for Clover.

WHITE LEAD—There is a continued good demand, but there has been no change whatever in prices. We continue to quote strictly pure in 100 keg lots at 12 cents, and 12½c in a jobbing way. In tin packages, ½ to 1c ₱ lb additional.

WOODEN WARE—Two hoop pails, $2.50 Three hoop do, $2.75. No. 3 tubs, $9.00. No. 2 tubs, $10.00. No. 1 tubs, $11.50 Wash boards, IXL $2.50. Wash Boards, Todds, $2.75. Wash Boards, Acme, $3.75.

WHISKY—Highwines, 95@96c.

WINDOW GLASS—The market for window glass is still reported dull, but manufacturers are hopeful of a good fall trade, and it is earnestly desired that their expectations may be fully realized, as trade has been unusually dull and unsatisfactory thus far this year. Producers, if reports are true will not be able to declare very large dividends; indeed, they will do well if they come out with a whole skin, as it is stated that the actual selling rates scarcely cover cost. We continue to quote discounts at 60 and 5 to 60 and 10 ₱ cent. Lamp chimnies are firmer, and discounts within the past week or so were reduced about ten per cent., which, of course, is equivalent to an advance.

PER BOX OF FIFTY FEET.

	Single Strength.		Double Strength.
	2d Qu'ty	1st Qu'ty	
6 x 8 to 7 x 9		5 75	8 00
7 x 10 to 8 x 10	6 00	6 75	[illegible]

20 x 38 to 28 x 44		16 00	26 00
28 x 46 to 30 x 48		18 00	28 00
28 x 50 to 32 x 52			30 00
30 x 54 to 34 x 56			36 00
42 x 50 to 34 x 58			42 00
32 x 60 to 30 x 60			45 00

WOOL—We note considerable activity in the Wool Market for the past week or two—chiefly in the fine wool districts, and already a large portion of the clip has been sold; prices ranging from 40 to 45c, according to quality and condition. Advices from the Eastern markets also show great activity, but no improvement in prices, and we do not see any margin of profit for shippers at the prices now current in the market. We quote prices unchanged, viz: Coarse and mixed fleece 38 to 40; fine fleece 40 to 45; unwashed 25 to 30.

ALLEGHENY LIVE STOCK MARKET.

ALLEGHENY STOCK YARDS, MONDAY, August 11, 1873.

Following shows the number of cars of cattle received at these yards, the points at which they were shipped, and the names of the shippers:

Total	27

The supply of western cattle, as will be seen, was comparatively light, while the number driven in from the adjoining country was unusually small: the arrivals by rail only footed up 27 cars; or, calculating 18 to the car, 486 head; then there were but 130 head of country cattle, against more than double that number last week, so that the whole number on sale only footed up some 625 head, from 300 to 500 head short of what it has been for several weeks past. It would naturally be supposed, with this very limited supply, that sellers would have had it pretty much their own way, but such was not the case. Prime butcher cattle, of which the supply was very small, may have brought better prices than last week, but in the common and medium grades there was no advance, although, as might be expected, the market was more active, as it always is when the supply is short; butchers, as soon as they discover that the supply is light, buy quicker, knowing as they do that there is nothing to be made by holding back; whereas, when there is a full market, they hold back, in expectation that sellers will sell at their, the butchers', prices in preference to holding over, and as a general thing, their expectations are realized. For some reason or other, cattle did not move as quickly to-day, as there was good reason to anticipate, in consequence of the diminished supply; prime butcher cattle, as the number was very small, were soon all picked up, but at no general advance, while the commoner grades, although quicker than last Monday, were by no means active; this is evident from the fact that there were some few odds and ends left over unsold. There is but one way to account for this, and that is, that many of the butchers must have had a good many cattle at home, left over from last week, and were, consequently, enabled to do with a smaller number than usual; had there been anything even approximating a brisk demand, holders, we have no doubt, would have been enabled to have established a general advance which was not done. Prime to extra butcher cattle may be quoted at 6¾@6⅞; medium to good, 6@6½; fair, 5¾@5⅞; common, 4½@5. Bulls, notwithstanding the supply was small, were very dull, and there were some left over; quotable at 3@4.

M. Flinner wholesaled 10 fair 900 ℔ Butler Co. steers and heifers at 3¾.

Fowler & Walters retailed 10 head Butler Co. steers and heifers at 3¾@4½.

Jacob Shamberg reported 36 from the country and 1 car from Chicago at 4@5¼ for former and 5@6¾ for latter.

S. Marks Bro. reported 3 cars of butcher cattle from Chicago at 5@6¾.

M. Varner sold 16 head Chicago stock at 5¼@6¾; 41 head common West Va., stock at 3¾@4¾.

Peter Hartman sold one car of Chicago stock at 5,80@6.60; also 27 from Green Co. at 5@6 ic.

James Hanlin sold 10 head mixed Washington Co stock at 4@5.

Sadler, Havens & Co. sold 1 car Cherokee cows and heifers at 3¾@4¾; 1 car common Ohios at 4@5; 1 car bulls and steers, 3@5.

S Lowenstein & Co, 31 head of Ohio heifers and steers at 4½@5.15

S. Trauman, 27 at 4@6¾.

Richardson & Reis sold 8 at 5.60@6.

Holmes, Lafferty & Co. reported 1 car from Indiana, and 1 car from Ohio, mostly cows, at 3¾@6

M. Kraus reported 2 cars of butcher stock from Chicago at 5¾@6¾.

James Hunter sold 20 head common Ohio cows and heifers at 3¾@5.10.

Jacob Lobman sold 2 cars large coarse Ohio steers, averaging 1,150@1,250, at 5¾@6¾.

L. Keefer & Co. sold 35 head fair to prime butcher stock, from Chicago, at 5¾@6¾.

Greenwald & Kahn, 61 head butcher cattle, mostly western, at 5@6¾.

Isaac Zeigler, 1 car butcher cattle, from Chicago, at 5¾@6¾.

Louis Gerson, 1 car same as above, from Chicago at 5¾@6¾.

Henry Nagle sold 3 good Butler Co. steers, at 5¾.

SHEEP AND LAMBS.

The supply on sale to-day, although fully up to the demand, was some 500 short of last Monday, footing up about 2,000 head; dealers nearly all reported the market dull, especially for lambs, of which the supply largely consisted, although there was no quotable change in prices. Prime fat sheep sold readily enough and at full rates, as there were but very few of this kind; and, indeed, the supply of all kinds was small, but prices were about the same as last Monday, not any higher. Lambs sold at from $1.25@2.50 ₱ head for inferior to fair, and $3@3 for good to extra, the latter considered an outside price. Sheep sold at from 5@5¾ for prime to extra, and 3¾@4¾ for inferior to fair.

Mart Humes reported 135 Beaver Co. lambs at $2⅝@3¾ ₱ head.

Henry Nagle sold 43 Butler Co. lambs at $2¾@3¾ ₱ head.

Fairley & Montgomery, of Armstrong County, report 130; sold sheep at an average of $3⅜; lambs, $1.50@3⅜.

Fowler & Walters, of Butler Co., 66, sold sheep at $2@3⅜, and lambs at same range.

Isaac C. McNeese, of Butler Co., reported 140; sold sheep at $2@3 ₱ head; lambs at $2@3.

John Beeler sold 80 Butler Co. lambs at $1½@3⅜.

Jacob Keefer, of Lawrence Co., 185 lambs at $1.75@3⅜.

[illegible] Haslin sold 200 good to prime Canada lambs, $2¾@3⅜.

Isaac Ackerman 110 head Washington County sheep at $2¾@5⅜; 20 lambs at $2@3⅜.

Goettman & Ekis sold 93 Butler Co. sheep and lambs at $3@3.75 ₱ head.

Adam Eckert sold 100 lambs at $1.50@3.50 per head.

J. S. McMillan reported 87 Washington County sheep at $2.50@4¾ ₱ head.

J. F. Neeley reported 84 sheep at 3¾@5.25c ₱ ℔; also wholesaled 35 scalawag lambs at $1¾ ₱ head.

P. Sheltmantle, of Butler Co. reported 125; sold sheep at $4@5 ₱ head; lambs, $1.50@3¾.

Mike Flinner, of Butler Co. reported 120; sold sheep at $4@5 ₱ head, and lambs at $1.50@3¾.

S. A. Vandever reported 65 Butler Co. sheep and lambs at $1.50@3.50.

Andy Stakeley sold 107 head common to prime lambs at $1.50@3.50.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, August 11, 1873.

The Crude market has not reached bottom yet, and there is no telling when it will: since Saturday it has declined ten cents ₱ brl.—sales were reported this afternoon at $1.25 ₱ brl. at Parker, equal to about 3½c ₱ gallon delivered here. New strikes are of almost daily occurrence, and the production is of necessity steadily increasing—there has been no report recently, but it must be upwards of thirty thousand brls. ₱ day. Refined is also dull and nominal, and prices have further declined: the best offers for Philadelphia delivery, were 16c, equal to about 12½@12¾ on cars here.

Oil barrels quiet and unchanged; countries, $2.20; city make, $2.30.

Swine: fresh arrivals 9,000 head, making 30,500 for the week, against 25,400 last week; no sales live weight, no live hogs being offered; dressed firm at 6¾@7¼c.

CHICAGO, August 11.—Cattle: receipts, 5,391 head; market dull and a shade lower; sales of good to extra native steers at $5.20@6.25, the latter for a small lot averaging over 1,500; Texans sold at $2.60@3.65; cows, $3@3.20; closing dull; shipments, 1,963 head. Hogs: receipts, 6,863; market fairly active and firm at $4.70@4.85 for Yorkers; $4.35@4.40 for heavy; shipments, 5,541. Sheep: receipts, 364; market fairly active and steady for good grades, at $4@4.27.

DRY GOODS.

NEW YORK, August 11.—The week opens with an active market for staple woolen and cotton fabrics, which are selling freely in first hands. Jobbing branches remain quiet. Cotton goods are steady and mainly unchanged. Utica brown and bleached wide sheetings advanced 2½c. The *Daily Bulletin* says: Prints are in spirited demand, and Cocheco styles are reduced to 11c. Woolens continue brisk, with a better demand for low qualities, which have been sluggish. Foreign goods are still quiet.

LUMBER.

CHICAGO, August 11.—The lumber market was dull and prices weak but not quotably changed from Saturday's prices.

SPECIAL NOTICES.

Speedily Cured.—All Forms
of Venereal, Private and Nervous disease at the old established Girard Medical Institute, No. 172 Second avenue, between Smithfield and Grant streets. Pittsburgh, Pa.
NO CHARGE UNTIL CURED.
Syphilis, Stricture, Orchitis, Hernia and all Urinary diseases are cured in the shortest possible time that will insure permanent relief. Spermatorrhœa, or Seminal weakness and Impotency, as the result of self-abuse or excess in matured years, and which produce some of the following effects, as emissions, blotches, debility, dizziness, nervousness, dimness of sight, cough, indigestion, constipation, despondency, confusion of ideas, aversion to society, loss of memory, and sexual power, and which unfits the victim for business or marriage, and ultimately causing insanity and consumption, are thoroughly and permanently cured. Medicines sent to the patient. A pamphlet relating to private diseases sent in sealed envelope for two stamps. All communications confidential. This institute was established for the express purpose of supplying the afflicted with scientific and reliable treatment, and is not to be classed with the numerous quacks and impostors that infest all large cities. The proprietors have made the treatment of Private and special diseases the study of their lives, and can refer to thousands all over the country that have been benefitted and cured by their treatment. No matter how difficult or long standing your case may be, if curable, after a personal examination they will frankly tell you; remember, they have cured many cases given up by other physicians.
Patients treated by mail or express, but where possible, it is best to visit the city for personal consultation, or address:
GIRARD MEDICAL INSTITUTE,
No. 172 Second avenue, Pittsburgh, Pa. Office hours 9 A. M. to 7 P. M. Sundays by appointment.

☞IMPORTANT MEDICAL NOTICE.
DR. JORDAN,
Proprietor of the Grand Anatomical Museum,
Author of "Self-Control," Medical Essays on Marriage, &c., &c., has opened an office for about one month, at
133 GRANT STREET, Pittsburgh,
Where he may be personally consulted on those diseases which he has for so many years successfully practiced, viz.: Nervous and Physical Debility, Spermatorrhœa, Depression of Spirits, Impaired Sight and Memory, Prostration, Lassitude, Loss of Energy, Timidity, Self-distrust, Dizziness, Love of Solitude, Groundless Fears and many other ailments arising from youthful indiscretion. Dr. JORDAN addresses those particularly who have been badly treated or pronounced incurable to pay him a visit, as in no instance do they leave his care without a permanent cure being effected.
Office hours for consultation from 10 A. M. till 2 P. M., and from 6 to 8 P. M., daily. On Sundays from 10 till 2, at 133 Grant street, Pittsburgh, Pa.

☞IMPORTANT NOTICE.
Drs. Jordan and Davieson,
Beg to inform their friends, patients and the public generally, that owing to their increase of practice they are compelled, reluctantly, to discontinue their branch office in this city, and in future are to be consulted only at their MAIN OFFICE,
1625 Filbert Street, Philadelphia.
Just published: PRACTICAL OBSERVATIONS ON NERVOUS DEBILITY AND PREMATURE DECAY, being a synopsis of Lectures delivered at the great Institute of Anatomy, 807 Chestnut street, Philadelphia, in which is contained an important essay on MARRIAGE, the whole illustrated with numerous interesting cases from actual practice. This interesting work will be forwarded on receipt of 25 cents. Address,
DRS. JORDAN & DAVIESON,
1625 Filbert street, Philadelphia.
All letters will receive immediate attention. Address 1625 FILBERT STREET, Philadelphia.

☞PRIVATE DISEASES.—OFFICE 194 PENN STREET, next door to the St. Clair Hotel. For the cure of all diseases of a private nature in from two to four days, by an entirely new and safe treatment. Also seminal weakness, impotency, and all other diseases of the genital organs, and their prevention. A cure warranted, or money refunded. Has Diploma in the office, and is a regular physician of 30 years standing in this city, and has cured over 10,000 cases.

SCALES.

RIVER NEWS.

The river rose several inches during Sunday night and yesterday, with 4 feet 6 inches in channel. Weather cloudy and clear at intervals. Business at the landing continues dull.

The Mallie Ragon, from Wheeling, arrived and departed. There is some talk of her dropping out of the Pittsburgh and Wheeling trade for the present.

The Carrie Brooks has laid up in consequence, it is said, of low water in the Muskingum, hence, she did not make her appearance yesterday as expected.

The Mollie Ebert is en route to this port from St. Louis, but it is doubtful whether she will get through unless there is another rise, as we presume she is down pretty well.

Captain B. L. Wood Jr. who for many years was identified with the Monongahela Slackwater Navigation Company, died at his residence in Port Perry, on Sabbath night, after a long illness.

—Mrs Powers, aged 81, still lives away up the Ohio. She has been a great mother of steamboatmen. Captain J. C. Power is her son. She has five sons and one daughter living, all of whom were assembled together last week, for the first time in thirty years. Altogether she has 77 children and grandchildren living. Only 2 of her sons are numbered among the dead, one of whom is Capt. Wm. Power, who lost his life on the Sallie Robinson in Red River in 1856. His death was caused by the parting of a line, which nearly severed both his legs near the knee. He was engineer of the Daniel Boone, when she made her celebrated fast trip from Louisville to Cincinnati a number of years ago. Captain Dias Power, who built and ran the Fashion a boat that in her day rivaled all other western steamers, which was burned at Natchez during the war, is living at the age of sixty-two, and managing a thrifty farm in Illinois. Captain J. C. Power is commanding the Cincinnati and Maysville packet, Wildwood, and the only member of the family that now represents the steamboat fraternity.—Cincinnati Com.

—On Friday night last, says Sunday's Little Rock Gazette, a man named Dorsey and Fred Bussey, both divers, engaged on the bell boat that has been employed in raising the machinery of the Cairo & Fulton Railroad, sunk in the river near the residence of J. M. Hodges, got into a difficulty on the steamer Oil City, during which Dorsey shot Bussey through the right eye, inflicting a dangerous, though it is not thought a mortal wound. Bussey was taken to the hospital and last evening was resting easy. Dorsey made his escape, leaving on the morning train.

—The Division of Inspection of Steam Vessels, Treasury Department, has prepared a table of pressures allowable on boilers made since 1872, giving the figures from 28 to 96 inches in diameter, with different thicknesses of plates and tensile strength. This table is of special importance to the manufacturers of boiler iron. The act of Congress under which inspection of boilers on steam vessels are made is justly strict on the subject, and all iron used in boilers must be inspected and stamped.

—Capt. John D. Davis, with the dredge Montana, is filling up the sloughs along the Upper Mississippi, so as to concentrate all the waters into one channel which will probably give the side wheel boats sufficient water to run through to St. Paul the entire season.

—Capt. H. S. Brown has chartered the Innovator to the government for service on the Tennessee River.

—There is a project on foot to build a narrow guage railroad along the Ohio from Evansville to Jeffersonville.

—The Samson is at work on the wreck of the Jennie Howell.

[For latest River News see first page.]

HOME NEWS.

Drowned by the Upsetting of a Boat.

A young man named McCormick, was drowned in the Youghiogheny river near the junction of the Indian Creek on Sunday morning. He was out with a party of nine persons, when the boat upset. The others managed to save themselves, but he was drowned. He was the only support of an aged mother. He was a laborer on the Connellsville Road, and single.

The Steam Road Roller

ordered by Messrs. James L. and W. H. Hastings, the proprietors of the Locust pavements, arrived from Europe yesterday by the National line steamer Denmark. The steamer had been overdue for twelve days, and fears were already entertained that she had met with some ill fate.

The immense machine has a weight of 33,600 pounds, and costs the Messrs. Hastings $6,000 gold; it has 10 horse power.

Within a few days it can be seen steaming in Pittsburgh. The arrival of the long-looked for steamer was promptly announced by Max Schamberg, Esq., 163 Smithfield street.

The Fell Destroyer in Allegheny.

The deaths in Allegheny during the past week were as follows:

Cholera infantum, 29; convulsions, 2; whooping cough, 2; brain fever, 2; unknown, 3; old age, 2; consumption, pneumonia, epileptic fit, typhoid fever, gastric fever, cerebo-spinal meningitis, nervous prostration, chronic diarrhoea, congestion of brain, marasmus, hemorrhage of stomach, inflammation of lungs, dysentery, catarrh fever and softening of brain, each 1. Of the above there were under 1 year, 27; from 1 to 5, 20; 5 to 10, 4; 10 to 20, 4; 20 to 30, 3; 30 to 40, 1; 40 to 50, 2; 60 to 70, 3; 70 to 80, 1. White, 56; colored, 1; Males, 30; Females, 27. Total, 57.

Obituary.

Captain B. L. Wood, Sr., well, long and favorably known in this city, died at his residence in Port Perry on Sunday evening about ten o'clock. He had been suffering for nearly a year past with a cancer in the face, but no danger was apprehended till Tuesday last, when he began to fail. On Saturday he commenced to grow worse, and on Sunday evening he departed this life, in the sixty-third year of his age. In former years he was known as a river captain, but for the past twenty-three years he has been connected with the Monongahela Navigation Company. The deceased was known as a genial and hospitable gentleman, and many friends will sincerely mourn his loss.

Journalistic.

The Titusville *Courier* came to us Monday in a handsome new dress of type, looking as bright and cheerful as a new dollar, and no doubt will be further improved when its new head becomes attached. The paper is reduced in size to the extent of four columns, but the editors say the reduction will scarcely lessen the amount of the reading matter, inasmuch as the type is smaller than heretofore used. In explanation of the reason for the curtailing, the *Courier* frankly says: "We are led to this step by the hard times caused by the low price of oil in consequence of excessive production. We are not ashamed to state to our readers that the general depression in business compels us to study and practice economy. The practice of economy has been our advice to others, and we propose to adopt it ourselves."

Mortuary Report.

Following is the report of the Health Physician for the week ending August 10, 1873:

Alcoholism, 1; accident, 1; drowning, 1; accident by burns, 1; asthma, 1; atelectasis, 1; apoplexy cerebral, 1; congestion of brain, 1, bronchitis capillary, 1; cholera infantum, 32; cholera morbus, 1; cholera epidemic, 1; cerebritis, 1; consumption, 2; convulsions, 4; diptheria, 2; debility, 2; diarrhoea, 4; sporadic dysentery, 3; epidemic dysentery, 1; epilepsy, 1; acute enteritis, 1; typhoid fever, 7; typhus fever, 1; accute gastritis, 2; femoral hernia, 1; inanition, 2; malformation, 1; meningitis, 1; acute meningitis, 2; sub-acute meningitis, 1; measles, 2; metritis, 1; entero-peritonitis, 1; old age, 3; premature birth 1; pneumonia, 2; perityphlitis, 1; chronic rheumatism, 1; sunstroke, 1; suicide, 1; tabes mesenterica, 6; tetanus traumatic, 1; unknown, 2; whooping cough, 2; total, 160.

Under 1 year, 39; from 1 to 2, 19; from 2 to 5, 11; from 5 to 10, 2; from 10 to 15, 3; from 15 to 20, 10; from 30 to 40, 6; from 40 to 50, 6; from 50 to 60, 2; from 60 to 70, 3; from 70 to 80, 2; from 80 to 90, 1.

Males, 59; females, 47; white, 104; colored, 2; total, 106.

W. SNIVELY, M. D.,
Health Physician.

"How's This For High?"—Way Up on the Roof.

For some time past there has been a very bad odor circulating through the rear windows of the Health Office, in Municipal Hall. All efforts on the part of Crosby Gray to discover where the fearfully disgusting smell originated were unavailing until yesterday, when Health Inspector Mariatt made the discovery. He started out on an investigating tour. He was told that an examination of the roof of the *Dispatch* building might reveal something, concerning the existence of which he, as well as the rest, had always been ignorant. The composing room of the *Dispatch* is in the upper story. Quite a number of men are employed there. It is an easy task to get from there to the roof. Inspector Mariatt visited the roof of the *Dispatch* building and discovered that the compositors and others had been making a privy out of it. Altogether he found three or four cart loads of filth, more or less. Further examination of one of the halls in the same edifice revealed the fact that a water closet had been made of it. The terribly nauseating, sickening smell that came from it was enough, it is said, to make a person "heave Jonah," and the Inspector, who is accustomed to ordinary smells, we are told, had to hold his nose in order to keep from fainting. If the sense of smell among the *Dispatch* men is not very acute, they must not "hug to their bosoms the delusive" idea that others are deficient in the same respect. The *Dispatch* building is a horrible and revolting stench in the nostrils of decent people. Far more good would be done to the community if the delectable Fifth avenue journal would abate its own nuisances instead of poking around to see what it can find in that line elsewhere. In the name of good health, and respectability, yea in the name of this community, we demand a liberal sprinkling of carbolate powder, carbolic acid and sulphate of iron on the roof of the *Dispatch* building and in the halls adjacent thereto. Let the premises be thoroughly deodorized and disinfected. If necessary, let the entire stock of the Pittsburgh Tar and Chemical Works be purchased for that purpose. No one will deny that the *Dispatch* has honorably earned the privilege of having pre-fixed to it the word *dirty*. We have not the least doubt in the world but that this statement of facts will be denied by the *Dispatch*, but it is only necessary for us to add that our information was obtained from a member of the Board of Health.

RAILROAD ACCIDENT.

A Narrow Escape Yesterday on the Castle Shannon Road.

The 4:30 train on the Castle Shannon Railroad, yesterday, ran over and killed a cow near where the track crosses the old Washington road, in Lower St. Clair township, about half a mile from the Mount Washington tunnel. One passenger car filled with passengers was thrown off the track, breaking some connections and delaying the train a couple of hours. The passengers, a large number of whom were ladies, were badly frightened, as the point at which the accident occurred is on the side of a long steep hill. In jumping the track, had the wheels gone a foot to the right of the track instead of to the left, the cars would have gone over the embankment, and lives undoubtedly would have been lost and injuries inflicted.

THE LABOR MOVEMENT.

Woolslayer for Legislature—Davis for Senate—McCormick and Wainwright Probably be Endorsed.

The Convention in the interest of the Labor Movement will be held in this city on Monday next. The probability is that a full ticket will be nominated. Davis, of the *Labor Tribune*, will certainly receive the nomination for State Senator, and Wm. J. Woolslayer will likely be placed on the Legislative ticket. Mr. Woolslayer says he does not want the nomination, and would much prefer the selection of an abler man for the position, but if placed on the ticket, unsolicited, he will accept the nomination. There is a strong probability that the two city Legislative candidates on the Republican ticket (Messrs. McCormick and Wainwright,) will be endorsed. Names to fill the other places on the Labor ticket have not as yet been suggested.

BOAT UPSET.

Three Men Drowned—Recovery of a Body This Morning.

Last evening, about seven o'clock, seven men procured a skiff near McKee's Rocks and proceeded to take a short row on the river. They had gone some distance down the Ohio river and were on their return up stream, when their boat was caught in an eddy in the stream and upset. The men, of course, were precipitated into the water, three of them being drowned. The other four managed to swim to shore. Here they gave the alarm, and grappling irons were procured, and the river was dragged for the bodies. Up to twelve o'clock last night they succeeded in recovering but one man, named Martin Murray. About one o'clock this morning he was taken to his home, on a court on Fourth avenue, near Rody Patterson's stable.

The names of the other drowned men could not be ascertained. One of them is a mate of a steamer, and the other is also employed on a steamer in some capacity.

Murray was about 28 years of age, and leaves a wife and four young children. The Coroner will be notified to hold an inquest today.

THE COURTS.

Saturday's Proceedings.

U. S. DISTRICT COURT.

[Before Judge McCandless.]

The assignee of A. G. Exerhart, of Crawford county, bankrupt, presented a petition for leave to sell certain personal property either at public or private sale, and the same was granted.

The Second National Bank of Titusville, Pa., a creditor, filed a petition for the adjudication in bankruptcy of J. Warren Doty and Wm. O. McMullin, partners as Doty & McMullin, of Titusville, doctors. The usual order was granted.

Langdale Elliott, of Beaver county, a creditor, filed a petition in bankruptcy against John Bents, of the same county, debtor, and the National Bank of Beaver county, creditor, filed a petition in bankruptcy against Thomas Miller, of New Brighton, a debtor. The usual orders made in each case.

James R. Anderson, of New Brighton, filed a petition for adjudication in bankruptcy of himself, and the matter was referred to Register Moss, of Waynesburg.

A claim for twenty-three [illegible] for [illegible] was ordered, returnable at the [illegible] on the third Monday of September [illegible]

OUR NATIONAL GAME.

The Base Ball Contest at Union Park Yesterday Afternoon—An Interesting Time—The Enterprise Badly Beat—Full Particulars—The Score—Game at Tarentum.

The game of base ball yesterday afternoon at Union Park, Allegheny City, between the Red Stockings, of Boston, and the Enterprise club, of this city, was, as a matter of course, the greatest event of its kind that has occurred in this vicinity during the present season. Quite a large number of spectators were present, among them being a sprinkling of ladies. The Enterprise boys were out in new suits and presented a very fine appearance. The Red Stocking boys are all stout, muscular looking fellows, with brown, sunburnt faces and arms. They were too much for the Pittsburghers, who were badly waxed in the contest.

FIRST INNING.—The toss was won by the Enterprise, and they went to the field, sending the Red Stockings to the bat. Wright, Spaulding and Leonard each scored one, and Barnes, White and O'Rourke were put out. There was quick work done in this inning, and the Enterprise taking the bat they were whitewashed in about three minutes. Nevin, who was first at the bat, went out on three strikes. Lamont was put out on first base by a ball knocked to third, and a fly taken by the pitcher put Pratt out also. The pitching of Harry Wright, of the Red Stockings, is very peculiar, and it deceived their opponents badly. One ball would come tolerably swift and the next so slow that the striker would bat at it before it would reach him.

SECOND INNING.—Manning who was first to the bat, made his first base on a ball to centre field, stole to second base and came home on a pass ball. Nevin of the Enterprise, who is as stout as an ox pitches a ball that almost whistles after it leaves his hands, and the fact that the catcher was unable to stop them all accounts for the scores made by the Red Stockings on pass balls. Shaffer was next to the bat, and Nevin gave him a ball as hot as a pan cake. It struck him on the outside of the leg, just at the knee, and the way he limped around for a moment was sufficient evidence that it counted. That bad pitch, however, resulted in two balls being called on Nevin. The next good one that come Shaffer lifted way over to center field and took his first base. Harry Wright was next to the bat and he made his first letting Shaffer to his third, when he scored on a pass ball, and Wright went to second. George Wright was put out on first base and Harry Wright scored on a pass ball. Barnes knocked a high ball to right field, and as it sailed slowly and gracefully down describing an arc, Palmer planted himself just at the spot where he thought it would light, and the easy manner in which he took it to his bosom, fetched a yell of applause from the spectators. Spaulding got home on a ball knocked to right field by Leonard, who reached his first, then stole his third and finally scored on a pass ball. White reached first on a ball to third, stole the two other bases and came home on another pass ball. O'Rourke got his third on a ball to center field, and Manning being put out on first, left O'Rourke on third.

The Enterprise met with no better luck in the second inning than in the first. The sympathies of the spectators were undoubtedly with them, but good wishes didn't go far towards winning the game. The superiority of the Red Stockings was painfully evident and the ease with which they played elicited the admiration of every one. In the last half of this inning McKibben went out on a fly and Ewer and Palmer both fouled out. The score stood nine to nothing.

THIRD INNING.—Shaffer got to third on a ball to centre field that might have been taken, but wasn't, and Harry Wright took his first on a ball to right field, Shaffer scoring. George Wright was put out on a fly taken by Palmer with one hand while in the run. Harry Wright went to second on a pass ball, Barnes went to first on a ball to right field, and Harry Wright scored. Barnes, Spaulding and Leonard each scored in turn, and the side was put out by McKibbin taking a fly knocked to him by White, while O'Rourke struck out. Pratt pitched in this inning, and not a single score was made on pass balls.

The Enterprise was again "skunked." Irwin got his first on a ball to short stop. O'Brian knocked to third, who put it to second, and Irwin was out, and it was then sent to first and O'Brian was put out. Head went out on a fly taken by George Wright.

FOURTH INNING.—Manning knocked a ball to left field reaching his first, then stole to third and come home on a ball sent by Shaffer way over the center field, by which he made a home run. Harry Wright went out on a fly taken by Nevin, and George Wright reached first base. Barnes knocked a ball to Nevin who threw it to third and put George Wright out, and it was then landed in the first baseman's hands putting Barnes and the side out.

Of the Enterprise, Nevin went out on a foul, Lamont on first and Pratt on a foul.

FIFTH INNING.—The game looked awful blue now. It was almost half over and the Enterprise had not scored one. The Red Stockings went to the bat, and before they were put out scored six. The Enterprise, as though determined to do something this time or die, came in from the field and McKibbin went to the bat. In less time almost than it takes to tell it, he went out on three strikes. Ewer got to his first on a high ball to center field, that was missed by too many attempting to take it at once. Palmer went out on a foul to the catcher, and Ewer stole to his second. Two were out now, and everything depended on getting Ewer home. Irwin went to the bat and sent a daisy cutter to short stop, thereby reaching his first. Ewer got to third and hesitated an instant, as though afraid to try for home. "Come home," yelled Pratt, and the only response was the rapid but steady pat, pat, pat, of Ewer's feet as he came down the home stretch, straining every nerve, and when he landed safe on the base, the wild yell of applause that went up indicated the intense gratification of the crowd at the first score for the Enterprise. O'Brian next reached his first, and Irwin took second. Head went out on first and left Irwin and O'Brian on bases.

SIXTH INNING.—The Enterprise lads and their friends were highly elated at having scored one in the fifth inning, but when they whitewashed the Red Stockings in the sixth, their satisfaction went up several degrees. Spaulding went out on first base, Leonard went out on a fly taken by Ewer, and White went out on a fly to McKibbin, who caught it on a run. The Enterprise was also "skunked" in the last half of this inning.

In the seventh inning the Red Stockings scored nine, and three in the eighth, while their opponents made none in either.

NINTH INNING.—This inning was short and very sweet. Manning made first on a ball to short stop, and stole to second, and then to third. Shaffer made third base on a ball to centre field, and Manning scored. Shaffer got home on a pass ball. Harry Wright was put out on first, George Wright went out on a fly taken by Irwin, and Barnes went out on first.

It was now the last chance for the Enterprise to, in a measure, redeem itself, although defeat was written in the faces of the members. Head went to the bat and fouled out. Alex. Nevin took his place. The Red Stockings may have labored under the impression that Nevin could not knock a far ball. If anybody thought so it was a mistake. The first fair swing he got he sent the ball way to one corner of the Park and made a home run. Lamont made his first, and got to second on a hit by Pratt, who reached his first. Each then took a base on a ball of McKibbin's to third, and he got first. Lamont and Pratt came home on Ewer's ball to short stop, who failed to take it, and Ewer reached his first. McKibbin got home on a pass ball and Ewer reached third base, but he was put out there, and Palmer went out on first base, ending the game. The following is the score:

RED STOCKINGS.	R.	O.	ENTERPRISE.	R.	O.
Geo. Wright, s. s.	3	5	Nevin, p.	1	3
Barnes, 2d b.	1	7	Lamont, 3d b.	1	3
Spaulding, p.	5	2	Pratt, s. s.	1	3
Leonard, l. f.	6	1	McKibben, l. f.	1	4
White, c.	2	4	Ewer, c. f.	1	3
O'Rourke, 1st b.	3	3	Palmer, r. f.	0	4
Manning, r. f.	5	2	Irwin, 2d b.	0	2
Shaffer, 3d b.	6	1	O'Brian, c.	0	2
Harry Wright, c f.	5	2	Head, 1st b.	0	3
Total	36	27	Total	5	27

Scorers—Sam Grier for the Enterprise and George Homer for the Red Stockings. The umpire was James Snellenburg, of Rochester, Pa. His decisions were in the main satisfactory, but he made one glaring error in favor of the Red Stockings. The score shows that the Enterprise will have to spend considerably more time in practicing before it can successfully contend with a club that plays like the Red Stockings did yesterday. They are rattlers and no mistake.

Game at Tarentum.

A correspondent writing to us from Tarentum under date of the 9th inst. says:

On Saturday a match game of base ball came off at Tarentum beween the Ottawa club, of Tarentum, and the Telegraph, of Sharpsburgh. The game started off well, but the Tarentumites got the range of the balls on the third inning, and from that out batted tremendously. In some instances the playing was very good. The Sharpsburgh club played well for a new organization. The Ottawa's, with a little more practice, will be hard to get away with. At the end of the seventh inning one of the Telegraph boys got hit in the mouth with a ball and had to retire from the game, Kennedy taking his place and making some fine catches. The Ottawas run up a large score on the last inning. A large crowd was in attendance. The following is the score:

OTTAWA.	O.	R.	TELEGRAPH.	O.	R.
Baker, W., p.	5	6	J. G. Saint, c.	2	2
Scott, 3d b.	2	9	N. S. Ayers, p.	4	1
Evans C. D., 1st b	4	7	S. Chessman, s. s.	4	0
Baker J., r. f.	1	10	J. L. Hays, 1st b.	2	1
Evans W. V., c.	3	9	O. Chessman, 2d b	1	1
Drury, s. s.	4	7	Wm. Cleuny, 3d b	3	0
Wiseman, l. f.	4	6	A. Lewis, c. f.	4	0
Wood, c. f.	3	7	Wm. Ayers, l. f.	4	0
Verner, 2d b.	4	5	J. C. Lewis, r. f.	3	1
	27	67		27	6

Runs each inning:

	1	2	3	4	5	6	7	8	9	
Ottawas	4	0	12	7	5	12	0	3	24	—67
Telegraph	2	1	0	1	0	0	1	1	0	— 6

TEMPERANCE ALLIANCE.

Meeting Yesterday—Delegates to the Convention.

A meeting of the Temperance Alliance was held yesterday afternoon at the rooms of the Young Men's Christian Association, Rev. G. G. Westfall in the chair. Prayer was offered by Rev. Dr. Jennings. General Lewis Wagner being introduced, made an address to the meeting on the great importance of continuing to hold the weekly meetings that have been in progress under the auspices of the Alliance, and also of the benefit that would arise from keeping up the good will that is felt for and the interest in the cause.

Mrs. Hill reported the following places that would be represented by the following persons at the Temperance Convention on the 26th inst.:

Elizabeth—G. Watson and Rev. Pollock.

West Elizabeth—T. Norman and W. Fuller.

Braddocks—T. Cummings, W. Crumm and S. McDonald.

Boston—Rev. Stiffey and Col. Douglass.

McKeesport—Rev. Spenkman and Mr. Spangler.

Fayette—W. P. Shaw.

It was agreed to hold meetings every night, except Saturdays and Sundays, until the Convention, for the purpose of receiving the names of delegates.

OUR TEACHERS.

Meeting of the Pittsburgh Institute Yesterday.

MORNING SESSION.

Yesterday morning the Pittsburgh Teachers' Institute met in the Ralston School House on Penn avenue and Fifteenth street. Prof. Luckey called the meeting to order.

On motion, Prof. W. R. Ford was chosen Chairman *pro tem*.

Prof. L. H. Eaton, Chairman of the Committee on Certificates, made a report for the year ending August 11th, 1873. It was read, received and ordered filed.

Prof. Evans then read the "Charge of the Light Brigade" in an effective manner.

Prof. Fulton, of the Executive Committee, next read its report, which was received and filed.

The Superintendent's report was laid over, on account of the disability of that gentleman.

The following nominations for officers were next made:

Vice Presidents—(Two to elect.)—George N. Monro, W. R. Ford, A. Burtt, J. F. McClymonds, B. F. Jones.

Executive Committee—(Three to elect.)—Geo. P. Fulton, W. R. Ford, T. J. Duncan, Jennie Ralston, J. M. Logan.

Committee on Permanent Certificates—(Five to elect.)—A. Burt, J. P. Andrews, L. H. Eaton, T. H. Douglas, Sue B. Nichol, D. C. Holmes, E. M. Still.

On motion the secretaries were ordered to have ballots prepared in time for the afternoon session.

The following tellers were appointed: J. W. Bancroft, Miss Maggie McCreight and Miss M. G. Loudon.

On motion of Prof. Eaton, election was ordered for 2 P. M.

The Institute then adjourned till afternoon at two o'clock.

AFTERNOON SESSION.

The Institute convened at two o'clock, Prof. Ford, chairman, *pro tem* in the chair.

Announcements in regard to the State Teachers' Association, which is to meet in Library Hall to-day, were then made as follows:

PROGRAMME FOR TO-DAY.

8:30 A. M.—Meeting of Executive committee at Library Hall.

9 A. M.—Opening and organization.

9:30 A. M.—Address of welcome by William R. Ford, chairman of the local committee.

Response by Charles H. Verrill, chairman of executive committee.

Report of the local committee of arrangements. Enrollment of members.

12 M.—Inaugural address of the President, Edward Gideon, of Philadelphia.

EVENING SESSION—7:30 P. M.—Report of committee. The obligation of cities to provide for the superintendency, by Edward Shipton, of Philadelphia.

8:30 P. M.—Address by Rev. George P. Hays, D.D., of Washington, Pa. Subject: "Every-day Logic."

TO-MORROW'S PROGRAMME.

9 A. M.—Paper by Dr. B. C. Jillson, of Pittsburgh.

Report of the Committee on Compulsory Education, D. Schoedler, chairman, Broadheadsville.

Paper by Edward Brooks, Millersville; "What can our Schools do to Quicken Public Conscience?"

Paper by Henry S. Jones, of Erie: "The best Plan for the Organization of the Schools of a Township."

EVENING SESSION—7½ P. M.—Report of committees: High Schools and the places in a Public System of Education, by M. N. Horton, chairman, Williamsport.

8½ P. M.—Address by Dr. E. A. Wood, of Pittsburgh. Subject: "The Conflict between Science and Theology."

THURSDAY'S PROGRAMME.

9 A. M.—Report of committee: "A Uniform Plan of Granting Certificates to Teachers, by J. P. Wickersham, chairman. Paper on Natural Science in our Schools, by Lemuel Amerman, Mansfield, Tioga county. Paper on our Normal School Policy, by J. A. Cooper, of Elmboro, Erie county, Paper by Miss Annie Lysle, Wilkesbarre, Pa.

EVENING SESSION—7½ P. M.—Lecture on "Sound," illustrated by experiments, by A. A. Brenneman, L. B., late professor of chemistry of State Agricultural college.

8½ P. M.—Address by E. A. Cock, of Columbus, Ohio. Subject: Moral Instruction; Its Place in Public Instruction.

The session will be held in Library Hall instead of the Opera House, as at first intended. The local Committee of Arrangements have perfected arrangements for visiting the leading manufacturing establishments, and also for an open air meeting in one of the groves in the suburbs. There will also be several excursions up the Monongahela river and another to Chatauqua Lake. It is confidently expected that the visiting educators will receive a welcome that will ever be held in pleasing remembrance as one of the most enjoyable episodes in their lives.

Five minute speeches were next in order, after which the Treasurer, Mr. Greaves, made his report, which showed a balance of $51.07 in the treasury.

The report was received and filed.

The following resolution was then adopted:

Resolved, That Prof. Burtt be, and he is hereby requested to prepare and read before the Institute, at its next meeting, a history of the various educational associations of the teachers of Allegheny and the city of Pittsburgh.

Prof. Luckey then stated he was glad to see so much interest taken in the Institute, and so many teachers present. He congratulated them.

Prof. Eaton also made a few remarks.

Mr. R. McCargo then sang "She Suits My Fancy."

Prof. James L. Harrison commended the teachers on the work they had accomplished.

Prof. Duncan and Miss Bartlett being called upon, they each made short, pertinent speeches.

A Committee on Resolutions consisting of the following were then appointed: T. J. Duncan, Miss A. E. Reno and J. L. Harrison.

The chair requested the committee to report at the next quarterly meeting in October.

Miss Reno spoke in response to the request, as did Misses Ralston and Graham.

Prof. Burtt then recited his opportunities of learning of the past year, and his experience.

On motion, Messrs. Logan, Gibbon and Ford were appointed a committee to prepare a plan for gymnastics to be taught in schools.

The election was then ordered, which resulted as follows: Vice Presidents, Messrs. George N. Monro, A. Burtt.

Executive Committee: Geo. P. Fulton, T. J. Duncan, and S. M. Logan.

Committee on Permanent Certificates: A. Burtt, J. P. Andrews, L. H. Eaton, Sue B. Nichol, and D. C. Holmes.

Appointments were made as follows by the Chair:

Secretaries, Messrs. Douglass and Dolan.

Financial Secretary, C. A. Kahen.

Treasurer, Miss Jennie Ralston.

On motion the Secretary was allowed twenty-five dollars as an annual salary, to be paid upon the publication of his annual report.

On motion adjourned.

THE WATER SUPPLY.

Meeting of the Allegheny Water Committee Last Evening.

Last evening the Water Committee of Allegheny Councils held a meeting, and acted upon the following petitions: For water pipe on Locust street, from Chartiers street to Beaver avenue; water pipe on Allegheny avenue; also, on Page street, from Chartiers street to Beaver avenue.

These were acted on favorably, and the clerk was ordered to prepare a resolution granting them, to be presented at the next meeting of Councils.

The petition for water pipe on Perry street was granted, and a resolution was ordered to be prepared authorizing the laying of the same, as soon as the ground is sufficiently settled, as this is a newly filled street.

They approved the pay roll for July, amounting to $2,656.72, and bills amounting to about $1,000.

Messrs. Megraw, Smith, McNeil and Superintendent Paul, were appointed a sub-committee to have plans and specifications prepared for building a retaining wall around the water basin.

A resolution was adopted instructing the City Solicitor to notify Messrs. Hartupee & Co., to hasten the completion of the new engine at the water works, as the work is progressing entirely too slow.

Felonious Assault and Battery.

A shooting affair occurred on Erin street, in the Thirteenth ward, yesterday afternoon. It appears that a man named David Lewis forced an entrance into the house of James Camp. He had a revolver and a sword in his hand. He snapped the pistol at Camp and then attacked Mrs. Camp. Mr. Camp then drew a revolver and fired at the intruder, the ball taking effect in the face. The wound is not considered dangerous. Mrs. Camp entered suit before Mayor Blackmore, charging Lewis with felonious assault and battery in striking her in the face with a heavy cane. He was arrested and placed in the lock-up for a hearing to-day.

Stabbing Affair.

On Sunday night a fight took place on a flat boat at the foot of Tenth street where a number of men were engaged in playing cards. Knives were used quite freely and a young man named Andrew Rudiger was stabbed three or four times in the back, the assailant, as alleged being Frank Hook. Rudiger was removed to the residence of his parents after the cutting, and yesterday the father of the injured man made an information before Mayor Blackmore charging Hook and a young man named Benjamin Burk with felonious assault and battery. Hook is in the lock-up, but Burk has not yet been arrested.

European Steamship Arrivals Yesterday.

A dispatch received at Max Schamberg's European Steamship and Telegraph Office, at No. 163 Smithfield street, announces the arrival of the White Star line steamer Celtic at New York; Cunard line steamer Samaria at New York; National line steamer Denmark at New York; Guion line steamer Nevada at Queenstown; Inman line steamer City of Antwerp at Queenstown; steamer Kong Sverre at London; Hamburg line steamer Westphalia at Plymouth; Anchor line steamer Olympia at Moville; Allan line steamer Prussian at Liverpool.

New Oil Strikes.

A new well has been struck near the Trautman, at Parker's, which yields two hundred barrels every five hours. The Satterfield, struck on Saturday, is yielding 1,320 barrels every twenty-four hours, tank measure. The Thompson well is doing 1,500 barrels every twenty-four hours. The above are all near Modoc City. The Mercer well, on the Brown farm, near Greece City, is yielding about 300 barrels daily. A six hundred barrel well has also been struck on the McLellan farm.

Still after Him.

The man Helmold, whose assassination was attempted Saturday night or Sunday morning, was again shot at, yesterday in turning Turner alley, near Madison avenue, on going to his home. This time a man named David Butts did it. Helmold made information at the Mayor's office, and Butts was arrested and placed in the lock-up. Helmold don't think that the man intended to shoot him, as he was drunk.

THE PENN AVENUE ACCIDENT.

Inquest on the Child Fritz Ecker—A Number of Witnesses Examined—The Driver and Conductor Relieved from Blame—Verdict of the Jury—Dear Released.

Last evening Coroner West, having empannelled a jury in the afternoon, held an inquest on the body of the child Fritz Ecker, who was run over and instantly killed by a street car of Citizens line on Penn avenue, corner of Thirteenth street, as reported in yesterday's GAZETTE. The testimony, which will be found below, does not change the facts from what we stated yesterday. The first witness examined was Mrs. Louisa Becker, a resident of Liberty street. She was on a visit at her brother's near the scene of the accident on Penn avenue. She thought the driver was driving fast; she saw the child, but did not see the accident; she saw the child picked up after it was run over; the car stopped immediately after the accident.

Mr. A. De Roy, a resident of No. 493 Penn avenue, was the next witness. He saw the child come across the street. When the child was across, it turned back: the horses had gone by, and the child was struck by the front platform steps and run over; the driver could not have seen the child; the car was not going fast; there were persons on the front platform with the driver; saw the child come across; car was not in sight when the child started across; if he had driven slower I don't think he could have prevented the accident; think he could not have averted the accident as the child was on the side of the track.

Sarah Messner testified that she lived on Thirteenth street, near Penn avenue. She saw the child stoop down; was watching it; saw it run over; did not see the street car; street car was on it in an instant; am positive it was stooping on the track; car was not going fast; no one was with the child; it could walk alone; saw persons near; no one was attending the child.

Lizzie Bruing, a little girl about thirteen, was the next witness sworn. She testified: I live at 435 Penn avenue; heard men halloa to car to stop; the car did not stop; saw the child run over; did not see it before that; it was run over on the instant that I heard the men; car was not going very fast; knew the child; the child was often by himself; he was big enough to walk alone.

Mrs. Lizzie Sabita, another witness, swore: She resided at 477 Penn avenue, four or five doors from Thirteenth street. She saw the crowd; heard mother cry, "a child is run over;" did not see the child on street when run over; knew the child; never saw it on the street without its mother; had a conversation with the conductor of the car; he thought it was being driven too fast.

Peter Winter swore that he lived at 501 Penn avenue; knew nothing of the occurrence.

George Messner swore that he saw the child run over; the car stopped right away after.

Officer David Bailey testified that he was standing on the corner of Thirteenth street and Penn avenue, looking towards the river; saw the last wheel go over the child; did not see it before it was run over; the car was going very slow; the driver stopped and gave himself up.

Officer Pat. Moran testified, had crossed the street to officer Bailey; saw the child knocked under the car; the driver tried to stop his car; the driver tried to put on brakes as soon as possible; did not see the child before it was knocked down.

Lieut. Irwin swore he saw a large crowd; saw officers have man in custody; ordered driver under arrest.

Gottlieb Bittner, the conductor of car 37, testified that the accident occurred between six and seven o'clock; did not know of it till the child was run over; car was going about regular speed; rather middling slow; I have been two weeks on this car; Dear is a good driver; very careful; the car was not going very fast; we have 45 minutes for the trip from station to station; no persons were on the front platform; ran to the front platform; none of the passengers were willing to give their names; child was toward north track; driver was sitting toward the brake; he could have seen the child had it been ahead; the car stopped very quick after the occurrence.

John F. Sabita, testified—Reside No. 477 Penn avenue; am the child's grandfather; lived opposite Mrs. Ecker; saw child on the other side of the pavement just before the accident; car was running very fast; saw it two or three minutes before the accident; don't know whether child ever crossed the street alone; think car ran faster by double than usual; the driver could not stop; saw the car for nearly a square; could not have seen the child; did not notice the child; looked at car; did not tell any one that the car was running too fast before the child was run over.

George Ecker, father of the child, testified that the child left the house about six o'clock; the child was usually with its mother; don't know as any one was with him; his mother was with him on going out; the child was brought in dead about ten minutes after leaving the house.

This was all the testimony taken. The grandfather of the child, Mr. Sabita, in giving his testimony seemed to be very much excited. As witnesses were on the stand, he wanted to question and evidently, throughout the inquest he labored under great mental excitement. His testimony was very wavering, as will be seen, and was not borne out by any of the witnesses examined. After a short deliberation the Jury rendered the following verdict: "That the deceased, Fritz Ecker, came to his death on Sunday evening, August 10th, by being accidentally run over by car 37, Penn avenue line, and we the Jury, exonerate the driver, John Dear, and the Conductor, Gottlieb Brittner, of said car, from all blame.

The driver of the car, John Dear, was shortly after released by order of the Coroner, as there were no grounds upon which to hold him.

SANITARY.

Meeting Yesterday Afternoon—Newspaper Nuisance—Other Matters.

A meeting of the Sanitary Committee of the Board of Health was held yesterday afternoon, Dr. Gilmore presiding. On motion of Dr. Arnholt, Valentine Frebe was authorized to construct and maintain a dump boat for the South Side, and receive the same compensation as is given for the Point dump boat. The sub-committee on Temporary Pest Hospital reported and were continued. They had examined a number of sites, but had as yet made no selection. Robert Williams and Nicholas Jones were chosen Assistant Health Officers for the South Side, and Mr. Scott detailed for night duty. Health Officer Gray gave a detailed statement of the case of Wm. Lyon, whose death from cholera has been already reported. The premises had been subjected to the most thorough disinfection; the bed clothing and infected garments burned, and every possible means employed to destroy the taint. The Health Officer also reported that no other cases of cholera were reported, and that the probability of any further spread of the disease was very remote, as far as he was at present advised. He also reported a nuisance in a newspaper establishment not far from the Health Office, and stated that he had taken measures for its speedy abatement. [It is the case referred to at more length in another column.—REP.]

THE GLENDALE ACCIDENT.

Coroner's Inquest.

Coroner West yesterday held an inquest on the body of George Beahr, who was killed on Saturday by the Cleveland Express. It appears that the deceased was trying to get on the Leetsdale accommodation, and was bent on it, notwithstanding the Express coming upon him. The accommodation had left the station about five hundred yards. A man had his hand on deceased's shoulder, in order to pull him away, when he was struck. Everything was done to avert an accident, but the deceased would listen to nothing, but ran into the jaws of death. He was a German, aged thirty-five years, and leaves a wife and two children, very small. His wife is at Dixmont, where she has been since January last. He resided in Glendale and was a farmer by occupation. The Jury rendered a verdict of accidental death.

[OFFICIAL.]

To the Community.

OFFICE OF THE BOARD OF HEALTH,
MUNICIPAL HALL,
PITTSBURGH, August 6, 1873.

Proprietors Pittsburgh Tar Chemical Works:

GENTLEMEN—Your note of July 30th, asking for an opinion as to the merits of your "Carbolate Powder," as a disinfectant, has been received.

I am directed to inform you, in reply, that having tested your "Carbolate Powder," the Board of Health can cordially recommend it to the public as a cheap and effective deodorant and disinfectant. Very truly yours,

CROSBY GRAY, Health Officer.

It is hardly necessary to add anything to the above. The fact that the Board of Health recommends for general use the Carbolate Powder will convince all of our readers that it is in every respect fully what it is claimed to be. It should be in every house, and freely and plentifully sprinkled wherever a disagreeable odor can be detected. In view of the probability of the approach of cholera every precaution should be taken to ward it off, and nothing can be more effective for that purpose than the Carbolate Powder recommended above.

A Great Horror Done Away With.

House cleaning is a great horror to nine men out of every ten. When that time comes the "men folks," as a rule, give the domestic hearth a "wide berth." Oceans of suds—the product of tons of soap—fairly flood every part of the house. The women, from the mistress down, labor as they never worked before, and what with the discomfort, the smell of suds and the dampness, and not unfrequently sickness, the product of colds and overwork, matters are generally disagreeable. The simple use of Sapolio instead of soap does away with all this discomfort. It lightens the labor a hundred per cent., because it removes dirt, grease, stains and spots, with hardly any labor, with but little water, and in one-tenth the usual time. d&S

To the Student.

On September 1st, will be re-opened, Ayers' Latin School for Boys. This Institution, located at No. 29 Fifth avenue, possesses an excellent reputation for thorough drill and instruction in the classics, as also for its correct and circumspect methods of discipline. As an evidence of its superiority in instruction and discipline may be mentioned the fact that its patronage is of the highest order of our city can boast.

Monthly examinations of the classes upon their work, by a selected committee, the ranking of each pupil, and the according of prizes are interesting and profitable exercises.

Prof. Wm. A. Holman, who succeeds to the Principalship, is a gentleman of excellent scholarship and christian character, and an experienced teacher of marked ability and success.

Cheap, Good and Durable.

The above bill is exactly filled in the manufacture of wagons and other vehicles, by C. Coleman & Son, near Soldiers' Monument, Allegheny City. Read some of their prices: Good, new 1 horse wagons at $60. Good, new 1 horse wagons at $75. Good, new 2 horse wagons at $90. They also manufacture spring wagons, carts and wheelbarrows of every style, and of the most durable material and substantial workmanship. Bargains to be had at the Duquesne Wagon Works, near Soldiers' Monument, Allegheny, Pa.

Dr. Harris' Summer Cordial is warranted to cure Diarrhea, Dysentery, Cholera Morbus, Sick Stomach, and Cholera.

BREVITIES.

....Allegheny Councils meet in regular session on Thursday evening.

....The Mayor's Auditing Committee will not hold a meeting until the return of Clerk Morrow.

....The Duquesne Greys left yesterday for Steubenville, Ohio. They presented a very fine appearance.

....Philip Truby, of Blairsville, was killed in the woods on Friday near that place by being struck with lightning.

....A wagon was splintered yesterday at Turtle Creek, from coming in the way of the Johnstown accommodation. Nobody hurt.

....The citizens of Allegheny are again asked to use sparingly of water, as another boiler has burned out. All will be right again in a day or two.

....On Sunday a crowd of roughs amused themselves at Lawrenceville station, with dogfights and kindred sports. The police were not to be seen.

....Willie Oyler, who was confined in the Beaver county jail on a charge of pocket picking, has been released. He gave the necessary amount of bail.

....About one o'clock this morning a homeward bound serenader went along Smithfield street playing on an old brass horn, "put me in my little bed."

....The wrestling match between Tunny and Law yesterday, was a draw. The men wrestled for over an hour and a quarter, but neither could claim the mastery.

....A five weeks old child was left on the door steps of the residence of John C. Fleiner, No. 96 Western avenue, on Sunday night. It will be cared for by some of the family.

....Robert McQuaide the freight conductor, who had a leg crushed some days ago in the Pennsylvania Railroad yards at Altoona, died at Derry Station on Sunday from his injuries.

....Wall's station people complain of the Sabbath-breaking that is done there. Carousing and drunkenness seem to be the order of the day, by parties who come from this city, bringing their beer and liquor with them.

....On Sunday morning some half a dozen scamps were detected in the act of cutting the pipes of the Octave Oil Company, on the Warren and Venango Railroad, near Titusville. They succeeded in making their escape.

....Titusville had an incendiary fire on Sunday. A frame building belonging to Abraham Gershon, on South Franklin street, was burned down, and the Franklin House was badly damaged. Loss about $3,000; insurance about $2,000.

....In the case of the death of Mrs. Coleman, at Steubenville, the jury, on Saturday, after hearing the evidence of several witnesses and examining the body, found that the deceased came to her death directly by erysipelas, induced by a wound inflicted by Thomas Hanson, her son-in-law.

....Yesterday afternoon the Reserve Silver Cornet Band had a pic-nic at Washington Park, Troy Hill. Everything passed off pleasantly. During the afternoon, while playing a game with a huge ball suspended from a ceiling in a building, a young man, named Henry Gerwig, was struck in the face with it and rendered insensible. He revived in a short time and was taken home.

....On Saturday night last Mrs. Kountz, living on Pitt street, South Side, met with a very severe accident. While sitting at the window on the second floor of her residence, she fell asleep and about one o'clock fell to the pavement below. Her injuries comprise severe hurts about the head and shoulders and the breaking of a number of ribs. Dr. Riggs was summoned, and reported the patient as getting on finely.

PERSONAL.

...."The Crows" of Allegheny City is a new organization. They leave to-day on a two weeks hunting and fishing excursion, and during that time will roost among the rugged crags of Cheat Mountain and along the banks of the Cheat river. The following young gentlemen compose the company: A. D. Renwick, W. H. Haddeld, John R. Brown, John T. Brown, W. J. Gilmore, Jr., Stewart Simpson, John Lindsay, Eugene Sandberger, Ed. Coyle, Will Voigt, James Balph and Will Lowe.

POLICE PARAGRAPHS.

Brief Mention of Criminalities.

A. P. DAVIS will be back to Allegheny when apples are ripe. He left for Hotel de Courdier yesterday to rusticate for sixty days.

ANNIE MILLER (colored) repines in jail for larcenating from Mrs. Mowry, No. 1 3 Fourth avenue. Mrs. M. has recovered her goods.

MRS. WALLACE, *alias* Brawdy, the keeper of a notorious den on Tunnel street, was lodged in the lock-up last night, on the charge of keeping a disorderly house.

WM. CASS was sent up to Claremont for ninety days on general principles. This is the ukase of Mayor Callow. The crime of attempting a rape on the little girl Lutz, could not be proven against him.

JOHN MUNSTER, the Allegheny man with his little knife, has left for Claremont, to be the guest of Mr. Cordier for the next sixty days; because he was disorderly. The charge of felonious assault against him was withdrawn.

BURYING a dead horse on the Perrysville road, will cost five dollars for every man who engages in the burial. James Underwood, H. Underwood, George Walmer and S. Dorsey, all colored, at least think so, for that is what Mayor Callow charged them.

MAYOR BLACKMORE had nineteen cases before him yesterday. David Jones, Richard Hughes, and Peter Fagely were sent to Claremont for thirty days each. James Hamill, who has been up several times for abusing his wife, was committed for ninety days.

Take Care of the Children.

Dr. Harris' Summer Cordial is highly recommended for children teething. It is a pleasant, mild neutralizing Cordial, and free from every possible objection. It should be in every house where there are children.

RUSTICUS.

He Practices Economy.

A dusty, sun-browned stranger stalked into one of the principal Chicago hotels early one evening, laid a big black valise, which had perhaps made quite a smart appearance in its youth, carefully beside him, and with a hand unaccustomed to public writing, scrawled with great exertion, the name of Lorenzo Smith upon the register.

"Will you have some supper, Mr. Smith?" asked the clerk.

"Wall, no, I guess not," returned the rustic gentleman. "The folks at home put up a good bit of grub, and thar's enough left in this yer carpet bag for a supper, I reckon."

The clerk smiled and the countryman and his corpulent carpet-bag were shown to their room. Country was somewhat dazed by its magnificence, but he was hungry, and, placing the satchel on the centre table, he drew forth a large chunk of boiled ham, numerous pieces of cold chicken, several enormous doughnuts, and half a dozen hard-boiled eggs. He was about to absorb the meagre repast into his starving system, when his eye caught sight of the "rules for guests," tacked upon the door. He got up and read them aloud. He came to the last one, and read "meals in room charged extra." He read it again, this time slowly. "Wall, I'll be danged," he ejeculated, and turning to the table, in an instant he had removed the ham, doughnuts, eggs and all into the omniverous carpet-sack, and in another instant he was down in the office, where he accosted the clerk with, "I see, stranger, yer sign up thar in my room says meals in rooms charged extra."

"Yes," responded the clerk, who recognized the customer of a few minutes ago, and could scarcely repress his risibles. "$1 extra." "Wall, I'll be concarned," yawped the verdant, "I guess the expenses of a hot meal won't be much more," and beckoning to a bell-boy, he called out: "hy'ar, boy, show me the way to yer kitchen," and a moment later he was in the hands of the waiters.

PERSIA.

Funny Customs at the Persian Court.

There are some funny customs observed at the Persian Court. When the celebrated Futteh Ali Shah dined, he first seated himself and tasted the dishes; then on a given signal his wives came in and stood around the room. At the same time the princes, his sons and daughters, were summond and stood around the table without a word. At a signal from the Shah they squatted. They were obliged to eat from the dishes before them, whether they liked them or not. The Shah only spoke to the senior prince, and every now and then he would shove a handful of food into the mouth of his favorite wife, and, as his handfuls were neither small nor delicate, the poor creature nearly choked. The Shah used to gamble, and it was etiquette for the court to lose to his Royal Mightiness, which, as Eccles would say, was "ard." When a superior dines with an inferior in Persia, the latter brings in the first dish himself. It must be carried horizontally at arms length, and placed precisely in the right place. On the Shah entering the throne room and seating himself, an officer roars out: "He has passed," and all present bow by stooping and placing the hands upon the knees. The page of state then walks backward from the Shah, and pacing down the assembly, gives handfuls of silver coin from a golden salver. A prayer is then recited by a mulo, and the whole affair winds up with an ode spoken by the poet lauerate. No one wears jewels but the Shah, which accounts for his presenting so gorgeous an appearance on his late visit. Altogether it isn't a bad thing to be a Shah.

DR. HERMANN MEYER, of Zurich, asserts that a shoemaker ought not only to produce a shoe that does not pinch, but a shoe so constructed that it will give to a foot distorted by the pinching it has borne already, a fair chance of a return to its right shape, and full possession of its power as a means of carrying the body onward. He says that, in measuring a foot for a shoe or a boot, the first thing to be considered is the place of the great toe. Upon this toe, in walking, the weight of the whole body turns at every step; in a natural foot, therefore, it is in a straight line with the heel. A central straight line drawn from the point of the great toe to the middle of its root, if continued, would pass very exactly to the middle of the heel. But, by the misfitting boot usually worn, the point of the toe is pressed inwards, the root outward. No last, or model of a foot already injured by wearing ill-fitting boots or shoes should ever be made of the exact size of such a foot.

TAMPERING WITH LETTERS.

The Risk in Sending Letters by Mail.

"Arrest of a postoffice clerk—He confesses his guilt." Such is the unpleasant announcement to people who are constantly entrusting to mails their private correspondence and letters containing money or drafts.

But it is nothing new; and what is worse is that it is not unfrequent. Every little while there is a fresh discovery of some depredation by a clerk in a postoffice, sometimes in New York and sometimes elsewhere, for they are scattered all over the country.

The breaking open of letters and examining of their contents, and stealing them if they are of any value, has come to be regarded as a trivial offense. In most cases "influence," as it is called—that is, the intercession of some politician—saves the culprit from that salutary severity of punishment which the law provides for this offence. The derelict clerk is either bailed and permitted to escape, or if convicted he is speedily pardoned out.

This is all wrong. Any position in a postoffice is one of great trust. More care should be exercised in appointing clerks, and when they are found guilty of a criminal betrayal of the trust reposed in them, the severity of the law should be invariably inflicted without regard to political influence.—*N. Y. Sun.*

PUTTING DOWN REBELLION.

When the stomach rebels against food and obstinately refuses to digest sufficient aliment to keep the body well nourished, it can only be compelled to resume its natural duties by a wholesome tonic. The powerful alkaloids so often administered for this purpose are not wholesome. They are, for the most part, deadly poisons, and even when taken in very small quantities, react violently upon the nervous system. Not so Hostetter's Stomach Bitters. This salutary combination of vegetable juices, embracing the finest invigorants and alteratives which the botanical kingdom affords, operates mildly, steadily and beneficially upon the digestive organs. In dyspepsia, bilious affections, nervous complaints, periodic fevers, chronic constipation, bodily weakness, mental depression, languor, sleeplessness, and the various disabilities incident to old age and premature decay, its effects are so wonderful that to be comprehended they must be witnessed or experienced.

MARRIED.

KENNEDY—OCHNER—On Thursday evening, August 7, 1873, at the residence of the bride's parents, by the Rev. Samuel Laird, Mr. FRANK T. KENNEDY and Miss LIZZIE OCHNER, daughter of the late Mathias Ochner, both of Pittsburgh. No cards.

HANI—HAMMER—On Saturday, August 21, at 2 o'clock P. M. at the residence of the bride's parents, Mt. Troy, Mr. AUGUSTUS HANI and Miss AMELIA A. HAMMER, all of Allegheny City. No cards.

EDUCATIONAL.

THE WESTERN UNIVERSITY OF PENNSYLVANIA, corner of Ross and Diamond streets, Pittsburgh, Pa.
The next session of the Western University of Pa. will open on MONDAY, September 1. It embraces the following departments, viz.:
ARTS, for the degree of A. B.
SCIENCE, for Ph. B.
SCIENCE, for B. L.
This course includes only the Mathematics and Natural Sciences.
Civil and Mechanical Engineering.
Particular attention is given to drawing; there is a large collection of models for drawing in this department. The degree of C. E. or M. E. is given to those who complete this course.
Astronomical Department.
The Allegheny Observatory is a part of the Western University.
Practical Chemistry.
Ample provision has been made for instruction in this department. There are separate desks furnished with gas, water, and all needful apparatus and tests for each student.
Military Department.
There are drill exercises daily, in this department, by an army officer, a graduate of West Point.
Elective Course.
Students can pursue one or more of the studies of the regular courses and receive certificates of their attainments.
Preparatory Classical School.
The object of this school, is to prepare in a thorough manner, students for the department of Arts. Each recitation is one hour long. The course is three years.
Preparatory English School.
Students here are fitted for either of the departments of Science, or for business. Length of course three years. It includes a full Commercial course.
For Catalogues, or further information, apply at the University, (for the present) between 10 A. M. and noon.

THE EPISCOPAL
Classical Academy
Re-opens for the Fall Term
MONDAY, September 1st.
Pupils are prepared for college or for business. The instruction is careful and thorough and our pupils have heretofore ranked among the first in examinations for admission to College. We aim at a high standard of intellectual culture and moral purity. Parents desirous of entering their sons will find the principal at the School room, 64 Grant street, during the last two weeks of August, between the hours of 9 A. M. and 12 M. Catalogues may be had at the bookstores, or on application to the principal.

D. N. WHITE.

NOTICE TO MACHINISTS.

The time for receiving proposals for building one pair of Pumping Engines for the new Water Works has been extended until 9 o'clock A. M., MONDAY September 1, 1873.

OFFICE BOARD OF WATER COMMISSIONERS,
MUNICIPAL HALL,
PITTSBURGH, PA., July 7, 1873.

Notice to Machinists and Engine Builders.

Sealed Proposals

Will be received at this office until 9 o'clock A. M., Monday, September 1, 1873,

For constructing and erecting

Two Graduating Plunger Pumping Engines,

On grounds belonging to the city, on the Allegheny river, immediately above mouth of Negley's run.

Plans of the same can be seen, and specifications and forms of proposals obtained on application at the office of the Mechanical Engineer.

The Commissioners reserve the right to reject any or all bids, should they deem it for the best interests of the city.

D. W. C. CARROLL,
ROBERT WATSON,
HILL BURGWIN,
H. M. ROLFE,
F. H. LAUFMAN,
Board of Water Commissioners.

JOHN ROSS, Secretary.

Stanton Avenue Improvement.

NOTICE TO CONTRACTORS.

Sealed proposals for Grading, Paving and Curbing of Stanton avenue, from Butler street to Hiland avenue, will be received at the office of Allegheny Cemetery, 17th ward, Pittsburgh, from the

4th to the 20th of August, 1873,

At 3 P. M. Each bidder will bid for the whole work or for each portion separately, and must be explicit in their specifications of their proposed pavements.

Plans and specifications can be seen and all information given relative thereto at the office of the Allegheny Cemetery, as named in the proposals. The Commissioners reserve the right to accept or reject the whole or any portion of all proposals, should they deem it expedient to do so. Bidders must accompany their proposals with bonds as required by the city.

FOR SALE—REAL ESTATE.

VALUABLE
COAL LANDS
FOR SALE.
A Farm of 282 Acres,
200 acres improved; 2 Farm Houses, Barns and a Tannery in running order, balance (82 acres) in Timber. The whole underlaid with bituminous Coal, there being four distinct veins of Coal, ranging in thickness as follows: 3 foot vein, 4 foot vein, 30 inches and summit vein. A 7 foot vein of Cannel Coal about ¾ mile distant on a lower level than the summit vein. This land is situate in Clarion county, Pa., on the line of Bennett's Branch of A. V. R. R., from ½ to 1 mile from R. R., ½ mile from Blair Switch.
For particulars inquire soon of
HODIL & PRITNER,
Curllsville, Clarion Co., Pa.

THIRTEENTH WARD
Lots for Sale Cheap.
19 LOTS
25x100 feet, about two minutes' walk from Central Car Station, Thirteenth ward. These Lots are in an eligible, healthy location and good neighborhood, near church and schools, and very desirable for dwellings. To persons of moderate means, or for an investment, they are the most desirable Lots in the market, being easy of access and but a short distance from the large manufacturing establishments of the city, and still away from the smoke and dirt of the city. Will be sold lower than any lots now in the market.
Apply soon to
HERRON & BATES
83 WOOD STREET, or to
J. H. HILLERMAN & CO.,
77 FOURTH AVENUE.

FOR SALE.
100 Quarter and Half-Acre
LOTS,
ALSO, THE
FARM HOUSE AND BARN,
With 1½ acres of ground and about 400 bearing Fruit Trees; also a Farm of 126 acres, adjoining the above Lots, with about twelve acres of Coal. All of the above within from five to ten minutes' walk from Walls Station, P. R. R. This property will be sold on easy terms. Plans can be seen at my office. This property offers better inducements for speculation than any property offered on the Pa. R. R., on account of its close proximity to the contemplated improvements of the P. R. R. Co. Inquire of
JOHN GRAZIER,
112 Smithfield street, above Murdoch's Seed Store.

OFFICIAL—PITTSBURGH.

CITY ENGINEER'S OFFICE,
PITTSBURGH, Aug. 2, 1873.

LEGAL.

NOTICE IS HEREBY GIVEN THAT an application has been made to the Court of Common Pleas of Allegheny county, at No. 710 of September Term, 1873, (after due notice to the Auditor General,) for an amendment to the charter of the TEMPERANCEVILLE AND WEST PITTSBURGH SAVINGS BANK, changing its corporate name to the BRADDOCKS TRUST COMPANY, that notice of such application has been ordered to be published in the Pittsburgh DAILY GAZETTE for a period of three weeks, and that unless exceptions be filed in the meantime the same will be granted at the next term of said Court.

JOSEPH ROSS, Prothonotary.

JOSIAH COHEN,
Attorney, 98 Fifth Avenue.

Notice is hereby given that an application has been made by the TWIN CITY BUILDING AND LOAN ASSOCIATION NUMBER TWO, of Allegheny City, Pa., at Number 880 September Term, 1873, Court of Common Pleas of Allegheny county, for a CHARTER OF INCORPORATION, and unless exceptions are filed thereto the same will be granted at the next term of said Court. From the Record.

JOSEPH ROSS, Prothonotary.

NOTICE.—IN PURSUANCE OF AN order of the District Court of Allegheny county, made the 28d day of July, 1873, notice is hereby given to the late authorities of the several districts of Pittsburgh, consolidated by Act of Assembly, approved April 2d, 1872, that the report of Commissioners appointed by that Court to ascertain the indebtedness, value the property, find the separate indebtedness of said districts, and fix a special tax for the payment thereof, in compliance with the provisions of the before mentioned Act, will on the 23d DAY OF AUGUST be confirmed absolutely, unless objection be made to the rate of special tax fixed by said Commission and a decree made accordingly.

JOSEPH ROSS, Prothonotary.

JOSIAH COHEN, ATTORNEY-AT-LAW,
98 FIFTH AVENUE.

Notice is hereby given that application has been made by the "BNAI ISRAEL CONGREGATION," of Pittsburgh, Pa., at No. 241 September Term, 1873, Court of Common Pleas of Allegheny co., for a charter of incorporation, and unless exceptions be filed the same will be granted at the next term of said Court.

From the Record.

JOSEPH ROSS, Prothonotary.
